DEFENDS MEIGHEN POLICY IN FIRST OF TOLMIE MEETINGS

Hon. H. H. Stevens, Minister of Trade and Commerce, Compares Government Record With That of Liberal Leader, Who Spent War Period Working for Rockefeller.

BIG CROWD CONVINCED BY SPEECH ON CAMPAIGN ISSUES

"Victoria will not tolerate for a leader a man who didn't even stay in Canada, and who made no attempt to serve his country in war, who abandoned the cause of the Allies, and then came back to fight conscription."

"I know Dr. Tolmie is respected here, but I doubt whether you realize his importance as a factor in government and in the counsels of the nation."

"The Government stands definitely for a policy that will insure reasonable protection to industry, sufficient to maintain it in healthy condition. Canada's tariff is the lowest in the world. If you disturb the tariff, you strike at the life of industry."

"The real cause of unrest in Canada is the ten years of persistent agitation by rank free traders in the prairies and tariff reformers in the East."

"We are taxing big incomes and business profits to the limit. If we made the tax higher, we would drive the men with big incomes out of Canada."

PROVISION MADE FOR PUBLICITY

Extended Report of Conference Committee Proceedings May Be Secured by Delegates if They So Desire

WASHINGTON, Nov. 18.—An interested angle on the question of secret diplomacy was disclosed today. There has been much controversy in the United States press as to whether the records employed by the conference insure all the policies which it is possible to give to the public of such delicate and intricate problems.

This matter came up at the private session of the Far Eastern committee on Thursday. It was said that a stenographic report of the entire proceedings of the committee would not be taken. A stenographer would be held in readiness, though not in actual attendance, and any delegate would have the right to demand that any particular part of the discussion be placed upon record.

When such a demand is made, the stenographer is to be called in, and a transcript of the proceedings prepared for the private use of the delegates. It is therefore, resists with the committee members themselves whether a record is kept. If any delegate believes that a permanent record of any part of the discussion is necessary, it is desirable he merely holds up his card, and the record will be made. In no case, however, will it be made public unless by the unanimous consent of the delegates.

PACKING PLANT HANDS AGREE TO WAGE CUT

CHICAGO, Nov. 18.—Plant committees of Armour & Co. agreed to accept a 10 per cent reduction in wages. The same cuts, it was said, will be accepted in plants of the other packing companies. The reduction varies from 3 to 7 1-2 cents per hour.

Twelve thousand men and women are affected in five big plants. No change is made in the 40-hour a week guarantee of working conditions.

BAVARIANS PROPOSE HIGHLY MORAL LAW

MUNICH, Nov. 18.—"Drunkennes, gaiety and other manifestations of high living" would be punished by a heavy fine and imprisonment under a proposed Bavarian statute.

A first offence would be punishable by a fine up to 100,000 marks, while for a second offence the punishment would be five years' imprisonment and a maximum fine of 200,000 marks, with a loss of citizenship.

Marines Wound Mail Robbers CHICAGO, Nov. 18.—Two men have been shot during the past six days by marines guarding mails from Chicago, Arthur S. Brauer, superintendent of the railway mail service, announced today. One of the men was shot at Sioux City, Iowa, and the other at Gerard, Ill. Both were train riders. Neither was seriously hurt.

No Pulpwood Commission

WASHINGTON, Nov. 18.—No United States commission will be appointed to seek the removal of Canadian restrictions upon the exportation of pulpwood, as was proposed in a resolution passed by Congress last session. This was definitely stated at the White House this afternoon.

KING AND PRESIDENT EXCHANGE MESSAGES

WASHINGTON, Nov. 18.—The message of King George to President Harding at the opening of the disarmament conference last Saturday was made public today as follows:

"On the occasion of the opening of the international conference in Washington again send to your most sincere wishes for the success of its deliberations. The sympathy and goodwill of the whole British people will be with the conference in its labors for assuring the maintenance of peace."

To this President Harding replied: "I am pleased to express to you the measure of my appreciation of your message on the occasion of the opening of the conference at Washington. The renewed assurances that Your Majesty and the British Empire are in sympathy with the results hoped to be accomplished in the interests of peace, increased my confidence that the labors of the leaders of the conference will attain this desirable end."

SEATTLE, Nov. 18.—A fully outfitted dining car and a forty-car train, loaded with 200 cases of liquor, were seized by federal officers here last night shortly after their arrival from Canadian waters.

Walter McCray, owner of both craft, and two members of the gasboat's crew, were arrested.

The boats are valued at \$16,000, officers said.

EXPERTS SPEAK ON SHIP ORDER

General Approval of Admiralty's Action in Stopping Work—Mayors of Towns Affected Will Seek Relief

LONDON, Nov. 18.—The British Admiralty's announcement today that the British Columbia lumber trade out of Vancouver harbor was on ships which belonged to the Canadian people. The port of Montreal would be hopefully congested if the Government ships were not there to hold the trade.

Mr. Stevens, Vancouver's active member in the House of Commons for years, has not often appeared on the platform here. Last night he gave his 700 listeners the impression that he is a man who can palaver, an engaging and at the same time forceful speaker, but a man who knows what he is talking about, and is admirably qualified to expound and interpret the policies laid down by the present Government and the issues which may be faced during the present contest.

Mr. Stevens, who was introduced by Mr. Lindley Crease, K.C., spoke for slightly more than an hour. He dealt with the tariff at considerable length, pointing out that while the Government was committed to reasonable protection, it did not keep industries alive and healthy. Canada needs to enjoy the lowest tariff of any country. He uttered a warning against any movement likely to distract the present tariff basis, asserting that if such were done the whole industrial and commercial fabric of Canada could not avoid being shaken and injured.

Made Wealthy Pay

He answered the criticism against the Government that it had protected the big interests and had wealthy by showing that Canada had the highest income tax in the world and that business profits had been taxed to the limit.

Speaking to charges against the way in which the Government had handled the railway problem, the minister was able to show that the Laurier administration was responsible for the burdens of indebtedness saddling upon the country by the enforced operation of non-paying roads.

The mayor of Chatham, Rochester and Gillingham will meet tomorrow the dispossessed claimants arising from the disarmament proposals. The mayor of Chatham said today that the closing of the Chatham dockyard would be a catastrophe for the district, and that the Admiralty would be petitioned to provide shipbuilding for the mercantile marine.

TO VISIT MEXICO ON TRADE QUEST

Four Dominion Officials, After Inquiry in British Columbia, Now on Way to Consult President Obregon

VANCOUVER, B.C., Nov. 18.—After spending several weeks in Vancouver and Victoria investigating British Columbia's prospects of engaging successfully in reciprocal trade with Mexico, four Dominion officials are now on their way to confer with President Obregon.

These officials are E. S. Busbee, chief inspector of customs and Excise, E. Noel Wilds, Canadian Trade Commissioner, Ebenezer D. Lennie, of the Ottawa Customs headquarters, and F. A. Young, of the Canadian Government Merchant Marine.

Mr. Young left before the others to attend to preliminary matters in the United States. The other three left Vancouver on Wednesday. Their departure awaited the arrival of Señor Hector Villatoro, Mexican Consul, who has been in Mexico for several months, entering into detail with his governmental leads, while Pro-Counsel Ricardo F. Medina acted as a steamer at the Mexican Consulate.

Señor Villatoro returned to Vancouver Tuesday, turning over passports and official information to the Ottawa officials.

REGINA CROWD HEARS PREMIER

Brave Cold Snap to Listen to Speech Dealing With Political Issues—Questions Are Asked by Audience.

GRAIN INVESTIGATION TO BE CONTINUED

Mr. Meighen Refers to Service Given by Mercantile Marine—Reinstatement of Grand Trunk Men Taken Up

REGINA, Nov. 18.—In spite of unseasonably cold weather, a crowd of approximately 5,000 persons came to the stadium this evening to hear the Prime Minister.

Rapid fire questions from the audience brought up the subject of the grain investigation, which he said, would go on regardless of the indisposition of Judge Hyndman, of wheat pools, the railway situation and the Riordan Pulp Company's notes.

The question of munitions landed at Lewis the Premier dismissed as a joke.

Every ship of the Canadian Mercantile Marine has been built, he could say, he added. Sixty per cent of the British Columbia lumber trade out of Vancouver harbor was on ships which belonged to the Canadian people. The port of Montreal would be hopefully congested if the Government ships were not there to hold the trade.

He went on to say that Mr. King had spoken in Regina without saying a word about the wheat pool, which was of vital importance to the people of Western Canada. The Liberal leader proposed to think it over after he got into power.

There was some applause from a group in the audience at the idea of King's proposal.

Mr. Meighen remarked that the Liberal leader had already received several shocks, and might receive another one on election day.

Speaking at Moose Jaw in the afternoon, Premier Meighen had discussed the Liberal party's rôle in the Great War.

Admiral Sir Percy Scott, who "slightly" approved of the Admiralty's announcement, places the saving it will involve at \$100,000,000. If thinks no country will scrap its submarine except possibly the long range ones, he says, they are especially weapons of defense.

W. L. Fitchens, chairman of the shipbuilding firm of Cannell, Laird & Co., Ltd., thinks that although it is very disagreeable to armament firms, it is wise to continue spending money while the outlook favors disarmament. He believes that temporary allowances to the staff would be difficult to restrain them, especially as regards their personnel.

Admiral Sir Percy Scott, who "slightly" approves of the Admiralty's announcement, places the saving it will involve at \$100,000,000. If thinks no country will scrap its submarine except possibly the long range ones, he says, they are especially weapons of defense.

Mr. Stevens, who was introduced by Mr. Lindley Crease, K.C., spoke for slightly more than an hour. He dealt with the tariff at considerable length, pointing out that while the Government was committed to reasonable protection, it did not keep industries alive and healthy. Canada needs to enjoy the lowest tariff of any country. He uttered a warning against any movement likely to distract the present tariff basis, asserting that if such were done the whole industrial and commercial fabric of Canada could not avoid being shaken and injured.

FRANCE WANTS MORE SUBMARINE DEFENCE

PARIS, Nov. 18.—The naval committee of the Senate passed a resolution advocating an increase in the number of submarines sufficient to secure the defence of the French coast line.

Adoption of the resolution followed a discussion which was precipitated by Mr. Borden's advocacy at Washington of further reduction in the 90,000 tons permitted under the plan of Secretary Hughes.

The suggested plan is heartily endorsed, but in French naval circles it is declared France needs a powerful submarine fleet, and a maximum of 90,000 tons, it is contended, does not seem excessive for nations weak in other branches of naval defence.

The present stress on the necessity of France maintaining an adequate submarine force. The Journal

des Débats says that the fact that Germany made abusive use of submarines does not imply that submarines cannot be utilized in conformity with the laws of warfare and humanity.

TWO CHURCH COLLEGES MAY YET BE UNITED

TORONTO, Nov. 18.—Before a representative and distinguished audience, Rev. Charles Allen Seager was last night installed as provost and vice-chancellor of Trinity College.

A significant feature of the welcoming addresses was that they all contained allusions to the possibility that, during the tenure of office, the creation of one great Anglican college in Toronto might be established to take the place of the two which now serve to train students according to the different schools of thought in the Church.

WAGE DISCUSSION STILL PROCEEDS

Opposing Arguments on Rates and Living Costs Are Offered Before B.C.E. Board of Conciliation

VANCOUVER, Nov. 18.—Some straight speaking about the McAddoo railway board was indulged in by W. Saville, of the B. C. Electric Railway company this morning, when the employees of the railway made wage comparisons as arguments for maintaining their present wage scale.

"Here by a few strokes of the pen, were raised the wages of half a million railway men," he said, "and published to say the least, on the railroads. All other industries were affected in sympathy. Nothing has so boosted wages all over the North American area as the McAddoo award.

These excessive wages and excessive bonuses have affected all industries. I see where station agents on the Lake Superior line, intended to get about \$160 a month, received such bonuses that none of them has been drawing less than \$300 a month.

One decrease has already been ordered, and another is due to help get things back again to nearer normal."

Mr. Pettipiece—"If you have in mind the speech that Mr. Carvell of the railway board delivered to us yesterday, you also take notice of the replies to it made by numbers of trades union leaders who showed that half his statements were not true?"

Mr. Saville—"I did not see where any of his figures were approved."

Members and conductors' wages have risen since 1914 on the B. C. Electric from \$18.90 for a 44-hour week to \$31.20 for a 44-hour week, and the company is asking for a general fifteen per cent. reduction of wages based on the contention that the cost of living has gone down about twenty-four per cent. since the "peak" in June, 1920. The men counted that the figures in the Labor Gazette, being checked over by the employers' association before being sent to Ottawa, are pared to the bone, and that the figures given by the McAddoo board and that any comparisons made as between Vancouver and the other cities of Canada are therefore exaggerated.

I figure that the purchasing power of our wages is not equal to what it was in 1914," stated Agent Cottrell, this morning in refusing to accept the Labor Gazette statement that a six-roomed fully modern house can be rented in Vancouver for \$29 a month.

The men filed a number of statements showing the general level of machinists' wages in twenty-five cities of Canada. In September, 1920, and in June of this year, June is said to be the latest date for which official figures are available in the Labor Gazette.

Blacksmiths were shown to be getting an average of 7½ cents an hour last summer, and an average of 7¾ cents this June. Carpenters were shown to have received an average wage of 80 cents an hour last September and an average wage of 76½ cents this June. In the same period machinists' wages are said to have suffered a general reduction of 4 cents, from 75 cents to 74½ cents.

QUESTIONS VALIDITY OF CANADA GRAIN ACT

WINNIPEG, Nov. 18.—The constitutionality of the Canada Grain Act is challenged in an action which is now before the Provincial police court.

The Manitoba Grain Company, Ltd., charged with a violation of the act, claimed in defence that the Dominion Government had no power to legislate in regard to grain.

Magistrate Nobie, who is hearing the case, withheld the decision for a week.

URGES GENERAL PACT FOR WAR PREVENTION

NEW YORK, Nov. 18.—Negotiation of a treaty which would prevent future wars was urged in conjunction with an agreement to limit navies by Elbert H. Gary, chairman of the board of the United States Steel Corporation, in an address today before the American Iron and Steel Institute, of which he is president. He also belittled the suggestion that armament limitation would reduce the manufacture of steel, saying the thought was unworthy of even a passing notice. Business was improving, he said, but there must be some limitation.

"With an agreement for the limitation of capital ships," he said, "it would not seem to be practical to stop with less than a final treaty which will prevent future wars. In addition to what is contemplated here, should with other nations, I understand that if any international differences arose, no resort to military force should be permitted until after there has been a conference and a full discussion by all nations now participating in the deliberations at Washington."

STOPPING BUILDING OF WAR VESSELS

British Admiralty Gives Orders to Cease Work on Super-Hood Battle Cruisers—Other Operations Affected

LONDON, Nov. 18.—The Admiralty announced today that it had ordered the cessation of all work on the four battleships of the Hood type. The shipbuilding firms were notified yesterday not to incur any further liabilities on naval new construction until further notice from the Admiralty. These contracts were awarded only two weeks ago.

Officials explained that the practice adopted by the Admiralty's order would be the immediate cessation of all work on warships pending the outcome of the Washington conference.

Three of the ships were to have been built on the Clyde, and the fourth at Newcastle-on-Tyne.

The Admiralty order halts work on all the new warships authorized by parliament. Actual construction has not begun, although it is understood virtually all the preliminary work has been completed.

The four ships were to cost about \$2,000,000 in all, and the bulk of this sum will be saved by the Government, as a comparatively small sum is due the contractors for the work already accomplished.

The Admiralty order caused consternation along the Clyde, where unemployment, which was expected to have been alleviated by the work on the warships.

GLASGOW, Nov. 18.—It is officially stated that the contracts awarded the Clyde shipyards for the construction of three warships of the Hood type have been suspended. The steel works are also affected by the suspension.

WASHINGTON, Nov. 18.—Decision by Great Britain to stop work immediately on her four capital ships of the Hood type was heard with satisfaction today by members of the American armament delegation. They regarded the order for cessation of work as announced today in London as indicating that the wholehearted espousal by the British of the principles of the American navy reduction programme.

The plans of the British Admiralty for capital ship construction appear to have been modified from time to time in the last three years since the war, as the lessons of that conflict were worked out, and the state of the building programme is not quite clear on the records.

There were originally four ships of the Hood class, only one of which, the Hood, was completed. Begun in 1916, she was launched in 1918 and completed in 1920. The other three ships, all of a highly powerful battle-cruiser type, were redesigned to meet the lessons of the battle of Jutland, work on them having been stopped in March, 1917.

It appears from London dispatches in August last, dealing with Admiralty construction plans, that four new battle-cruisers were to be turned out as improvements over the Hood type, to take the place of obsolete ships. Their completion by 1925 was expected. These ships were planned to have been heavily armed in the broad, carrying 10 to 12 sixteen-inch guns each in their main batteries. The Hood has a main battery of eight fifteen-inch guns, and her normal displacement is 41,200 tons.

The Dutch introduced alcohol to the land of the Hottentots.

CIVIL SERVICE MUST PAY TAX ON INCOME

TORONTO, Nov. 18.—The appellate division at Osgoode Hall today dismissed the appeal of Railway Commissioner W. B. Nantel from a decision which held him liable to assessors for income tax in the city of Ottawa. The tax amounts to \$24. OTTAWA, Nov. 18.—Abode 6,000

Keep Your Skin-Pores Active and Healthy With Cuticura Soap

civil servants are affected by the decision at Osgoode Hall, which confirms the judgment given in the county court by Judge Constantineau, who held that all civil servants in Ottawa are liable for income tax for the year 1920. The case against Mr. Nantel was taken as a test case and was appealed by him in Toronto.

Long-Distance Radio Record NEW YORK, Nov. 18.—A world's record for long-distance radio communication was made November 5, according to the Radio Corporation of America, which announced that President Harding's message addressed to the nations was picked up in New Zealand, 10,000 miles away. The message was sent from the new radio center at Rocky Point, I.O.

The Kanloope member stated that he had often suggested to the Premier that good railway authority be secured and that investigating the Clinton-Ashcroft links the question of abandoning the road to Lillooet, and whether it would not be wise to cease spending any more money. The securing of such an authority as W. P. Pye, Montreal, he thought, would be a wise move in order to establish the confidence of the people.

The Trans-Canada highway, and especially the recent announcement of the Minister of Public Works, occupied considerable time of the Kamloops member, who claimed that the subject still required further investigation. There was too much at stake in the building of this highway to make a false move.

Mr. Anderson stated that he was not satisfied with the report of Dr. King in that reports from one of the engineers show he actually recommended the Fraser Canyon route. Mr. Anderson claimed that the Dewdney Trail, which had been selected as the route, had actually sixteen feet of snow on the higher grades as late as May 24 of this year, and that it would not be open to traffic more than four months of the year.

Too Much Service Mr. E. C. Henniger (Grand Forks) considered British Columbia was advancing too fast in the way of having "too much service," in advancing which argument he instanced a company which served at high-class cafes and at the same time provide coffee and doughnuts at five cents. The member advocated more hospital grants, particularly for taking care of tubercular patients who might come into the Province.

Mr. Henniger took the opportunity to pay a compliment to the press of the House, who, he said, had stood up and made look very nice many speeches to which he had listened.

In commenting on the suggestion in the budget speech that independent expert assessors should be employed in municipalities, Mr. Thomas Pearson (Richmond) said he knew of no assessors who were not independent men.

Sinking Funds In connection with sinking funds he knew of one municipality which had sent money to England, making a profit of \$18,000, and was receiving five and a half per cent from the bank while the money was on deposit.

In regard to education, Mr. Pearson considered the department should adopt a plan so that schools should be built for each municipality according to population, and in regard to the personal property tax, he held it unfortunate that the Minister of Finance, in his speech, had not the bill, he contended, would not fill the bill. He believed the manufacturers of the Province should be helped and encouraged, and hoped that a better scheme might be made out. He was going to oppose the plan suggested.

Mr. Pearson also criticized the figures furnished for travelling expenses, amounting to \$444,954, of which he added \$184,000 as cost of the 130 autos owned by the Government departments. If the expenses were cut down he believed the people would complain and the Government was doing its duty.

In conclusion, the speaker urged that the Government should arrange for a plebiscite in South Vancouver to determine whether the people wanted an independent reeve and council, school board and police commissioners, or a council subject to control by a commissioner.

The action of an ocean wave does not extend down in deep water.

MUNICIPAL UNION IS NOT SO IMPORTANT

Is the Opinion of the Member for Kamloops, Who Objects to Methods Adopted Towards Government

That the Provincial Government should not take "this so-called Municipal Union" too seriously was the suggestion made to the Legislature yesterday by Mr. F. W. Anderson, Liberal member for Kamloops, when continuing the budget debate. Mr. Anderson held that the Union, which he referred to as "these deals with the Government consequent upon the latter's lack of financial assistance, did not represent the bulk of the municipalities of the Province, and that many municipalities are in a position to meet their obligations.

If the Kamloops member had his way, he would have the Government sell the Squamish-Clinton section on the P. G. E. Railway, the Government-owned line, which, he held, can never be made to pay, and instead construct the Clinton-Ashcroft cut-off.

Budget Requirements Referring to the great increase in uncontrollable, fixed and semi-fixed outlays, it was easy to understand, Mr. Anderson said, that the budget requirements were bound to be large, the P. G. E. charge alone aggregating over seven millions.

Referring to "this so-called Municipal Union," the member for Kamloops advised the Government not to take that organization too seriously, for he did not believe they represented the bulk of the municipalities, but chiefly those on the northward bend of the river. He recognized the personal property tax as not a popular one and the municipalities might not like to collect it, but the fact was many municipalities, Kamloops among them, are prepared to meet their obligations without placing additional burdens on the taxpayers. There was a slight difference with the municipalities, he held, was the increasing cost of education. At present the Government was making a per capita grant of \$13.65, but the Union of Municipalities was asking \$40, which, on the basis of some 45,000 pupils, would aggregate \$1,700,000.

Dealing with the P. G. E. Railway, Mr. Anderson declared he was strongly in favor of cutting out the Squamish-Clinton section, which, by virtue of the grades, could never be operated except at a heavy loss. He was in favor of the connecting line between Clinton and Ashcroft, which would connect the three railways in the dry belt section, and would reduce the grade and would eliminate the dangers of floods which have recently caused considerable damage to sections of the line.

Should Get Experts

The Kamloops member stated that he had often suggested to the Premier that good railway authority be secured and investigated the Clinton-Ashcroft links, the question of abandoning the road to Lillooet, and whether it would not be wise to cease spending any more money. The securing of such an authority as W. P. Pye, Montreal, he thought, would be a wise move in order to establish the confidence of the people.

The Trans-Canada highway, and especially the recent announcement of the Minister of Public Works, occupied considerable time of the Kamloops member, who claimed that the subject still required further investigation. There was too much at stake in the building of this highway to make a false move.

Mr. Anderson stated that he was not satisfied with the report of Dr. King in that reports from one of the engineers show he actually recommended the Fraser Canyon route. Mr. Anderson claimed that the Dewdney Trail, which had been selected as the route, had actually sixteen feet of snow on the higher grades as late as May 24 of this year, and that it would not be open to traffic more than four months of the year.

Too Much Service Mr. E. C. Henniger (Grand Forks) considered British Columbia was advancing too fast in the way of having "too much service," in advancing which argument he instanced a company which served at high-class cafes and at the same time provide coffee and doughnuts at five cents. The member advocated more hospital grants, particularly for taking care of tubercular patients who might come into the Province.

Mr. Henniger took the opportunity to pay a compliment to the press of the House, who, he said, had stood up and made look very nice many speeches to which he had listened.

In commenting on the suggestion in the budget speech that independent expert assessors should be employed in municipalities, Mr. Thomas Pearson (Richmond) said he knew of no assessors who were not independent men.

Sinking Funds In connection with sinking funds he knew of one municipality which had sent money to England, making a profit of \$18,000, and was receiving five and a half per cent from the bank while the money was on deposit.

In regard to education, Mr. Pearson considered the department should adopt a plan so that schools should be built for each municipality according to population, and in regard to the personal property tax, he held it unfortunate that the Minister of Finance, in his speech, had not the bill, he contended, would not fill the bill. He believed the manufacturers of the Province should be helped and encouraged, and hoped that a better scheme might be made out. He was going to oppose the plan suggested.

Mr. Pearson also criticized the figures furnished for travelling expenses, amounting to \$444,954, of which he added \$184,000 as cost of the 130 autos owned by the Government departments. If the expenses were cut down he believed the people would complain and the Government was doing its duty.

In conclusion, the speaker urged that the Government should arrange for a plebiscite in South Vancouver to determine whether the people wanted an independent reeve and council, school board and police commissioners, or a council subject to control by a commissioner.

YOUNG HUNTSMAN IS SEVERELY WOUNDED

Arthur Allison, Saanich Resident, Gets Charge of Shot in Thigh While Out Shooting at Lost Lake

While out hunting at Lost Lake yesterday at 12:15 o'clock, Arthur Allison, aged 19 years, residing on Brett Street, Saanich, was badly wounded when the shotgun he was carrying went off, blowing off one of his thumbs and the shot lodging in his right thigh.

He had tied up the boat from which he was shooting ducks beneath the railway trestle, which runs across a part of the lake, and it was while he was climbing to the top of the trestle dragging his gun behind him that the trigger must have caught on a projecting obstacle, both barrels discharging. Young Allison's cries attracted the attention of Tony Simmonds, a rancher, living nearby. Thinking Allison was drowning Simmonds ran to the trestle and discovered Allison whom he conveyed to his home, staunching the blood pouring from a ghastly wound, and then hurried him in his motor car to the Royal Jubilee Hospital where immediate attention was given to him. The first colicine in the case is the fact that, as far as the best of the medical men can tell, Allison is the only person to have been hit in the leg during the hunting season. Allison and a friend named Greenwood were at the 17-Mile Post, on the Malahat Drive, when Greenwood shot a huntman named Burton. Both Allison and Burton are now in adjoining beds at the hospital.

MAGISTRATE SHAW TO HOLD BAKER INQUIRY

Attorney-General Farris Makes Announcement in Legislature—Game Board Suspensions Are Under Suspension

Police Magistrate H. C. Shaw, of Vancouver, is the Government's selection for the office of Commissioner to investigate the conduct of Dr. A. H. Baker, head of the Game Conservation Board, in connection with whom there has been a prolonged skirmish much discussed in the Legislature, which on Thursday night voted to sustain the narrow Government majority of two, rejected the resolution presented by Mr. R. H. Pooley, Conservative member for Esquimalt, asking for a select committee of the House to make the investigation, and carried its desire for the appointment of a Royal Commission.

On the conclusion of the proceedings in the Legislature yesterday afternoon, Attorney-General Farris announced that following the action taken by the Legislature, he had recommended to Premier Oliver to recommend to His Honor the Lieutenant-Governor the appointment of Mr. Shaw whose long and distinguished service on the bench and in the bar was testimony to his fitness for the position.

Captain Ian Mackenzie, second Lieut. member for Vancouver, congratulated the Government on its decision, stating Magistrate Shaw holds a high place in the community, and he was sure the public would welcome his selection.

Attorney-General Farris also stated that pending the completion of the investigation he had recommended that Dr. Baker and Chief Game Commissioner Bird be suspended.

Captain Ian Mackenzie, second Lieut. member for Vancouver, congratulated the Government on its decision, stating Magistrate Shaw holds a high place in the community, and he was sure the public would welcome his selection.

Joseph Connally, organiser of the South Wales branch of the Irish Self-Determination League, was sentenced to 14 years' penal servitude. Two men named Evans, who were accused of breaking into a powder magazine at Merthyr, and another prisoner, were given seven years each. The fifth prisoner, Donohue, was given a four-year term.

TAXATION ON LAND

Mr. T. A. Crerar, the leader of the Farmers' Party, is an advocate of heavier taxation on land in order to make good the revenue which would be lost by lowering or abolishing protective tariffs. Land taxation is one of the planks in the platform of the Farmers' Party. It is land taxation also to which Mr. Mackenzie King and his followers would be driven if they brought about substantial reductions in the present tariff, although they do not emphasize this point so much as the Farmers' leader. The policy of Premier Macleish and that of the party he leads in the country is to maintain protection at a level which will enable Canadian industries to compete with those in the United States. The tariff now accounts for some 60 per cent of the Federal revenue which this country enjoys. Its removal, the Prime Minister points out, would lead to new taxes on land, and we are very sure that no policy of this character is wanted in British Columbia, where land owners have been bled white and where properties are yearly being forced out of private ownership because they cannot bear the present taxation.

The Prime Minister says the removal of the tariff would mean new taxation on both the improved and unimproved values of land. He points out, too, that this is the most expensive form of taxation to collect, and he might have added that it is the form of taxation which weighs most heavily, especially in a country where the agricultural industry has reached such proportions and where the doctrine is instilled into the people that they should own their own homes. The net values now placed on land in the Canadian West would be increased and perpetuated by a system of Federal taxation of the land. The revenues of both the Provincial Government and the municipalities would suffer in British Columbia; for it is obvious that the limit on land taxation here has been passed and any new impost would further circumscribe the amount which is held by private owners. In addition the removal or reduction of the protective tariff would lead to a dual form of taxation on the land, and in that respect it would come within the same category as the income tax.

The possibility of such a happening, were either the Liberals or the Farmers returned to power as a result of the election of December 6, shows the gravity from the taxation standpoint of the coming contest. With free trade, or a measure of free trade, and especially with a policy of reciprocity with the United States, it is certain there will be a decline in the productive output of the Dominion. The taxation paying power of the people will consequently decline, and there will be less ability to meet the new imposts on the land. From the standpoint of this Province it may be said at once that our people cannot bear any new taxation on the land. There would be no easier way, then through such a measure, of stifling what prosperity is left to us under the present conditions. There has been an outcry from every quarter against the municipal taxes on land. The farmers of British Columbia complain that the doubling of the taxation on their lands by the Provincial Government has seriously retarded their industry. Both in the urban and rural municipalities and throughout the unorganized districts the people will have themselves to blame if, following the election of December 6, they have to face new land taxation on top of the intolerable burden which they are now called upon to bear. This taxation would almost certainly have to be resorted to, by either the Liberals or the Farmers. If they were called upon to make good their promise to reduce tariffs and do away with the protective principle, the only sure way of avoiding Federal taxation on the land is to maintain protection. In Canada by supporting Premier Macleish and his party.

SOVEREIGN RIGHTS

No one can complain that secret diplomacy is being exercised at the Washington Conference, for the delegates of all the Powers appear to be open and above board in the statement of their attitudes. Now that the first wave of enthusiasm has died away and the different peoples are beginning again to get their feet firmly planted on the earth they are better able to face the actualities of the situation. From whatever source it springs there is a rising tide of feeling in the United States that the decision, through international arrangement, to curtail armaments would have the effect of infringing on the sovereign power of the American people. This is the rock upon which American participation in the League of Nations split and it is the rock which looms up on the horizon of the present Conference. The Amer-

ican proposals emanate from the Government of that country, which is not in an analogous position to the governments of other countries, inasmuch as what President Harding and his advisors may do can be negotiated by Congress. History shows that Congress is particularly jealous of the sovereign powers of the people, yet Congress was never asked to approve the American proposal for a reduction in armaments prior to their submission to the Washington Conference.

Ultimately the question will be raised of whether President Harding represents the American people any more than Mr. Wilson did at the time the latter sanctioned the Covenant of the League of Nations on behalf of his country. This is not an academic question, but one of intense practical politics, for it is obvious that, where national defence is concerned, the legislative bodies of all countries, which it is suggested should be parties to any agreement, must be consulted. The American representatives of the Conference are not plenipotentiaries; neither are the delegates from any other Power, for it is not in the nature of democracy to assign away from legislative bodies the power to make vital decisions affecting national defence, save in the case of actual war. These are considerations for the future, but they have a momentous bearing on all the decisions now being carried on at Washington, and particularly so where the convenor of that Conference is herself concerned. The old question of international agreement or jurisdiction infringing on the sovereign power of States, which led to the downfall of President Wilson, is again raised. There can be little doubt that it will become more and more a factor in the American attitude towards the Washington gathering, however in earnest President Harding's advisors and those of the Conference are for the present.

Mr. C. H. Dickie Said
Sir.—I notice in the report of my remarks at Ward Two, Saanich, meeting on the evening of the 17th instant, I have made to say that I would drive the Orientals out of the Province. This is incorrect. I said I would do my best to see that the Orientals replace the Orientals with whites, but labor must co-operate with capital and do its share, as our industrial undertakings must be assured of more than ordinary profits to provide for depreciation and for the lean years which inevitably come. I can never fall into a politician but I hope never into a demagogue.

C. H. DICKIE
Duncan, B.C., Nov. 18, 1921.

Total Exclusion?
Sir.—May I refer to what is in a sense an ambiguous report of one of the statements made by myself just now. You report me as saying "putting down the bars of Oriental immigration would help at this time." What I said was "that I believed that putting down the bars of Oriental immigration would help at this time." I further said that this was part of the platform of the Liberal candidate, Mr. Lovell.

Victoria District Meeting Goes on Record Against the Proposal to Sell Beer by the Glass

The Victoria district of the Methodist Church met in the Metropolitan Methodist Church on Wednesday last, Dr. Sippel, chairman, presiding. Careful discussion for effective work throughout the district was had in by the members present, particularly in reference to the missionary campaign. The district raised over \$12,000 for missions last year, and the objective for the present year is \$10,000. A plan was devised for the approaching visit of Rev. Dr. Chown, general superintendent, who will visit Victoria on December 8; as also for an interdenominational campaign in the name of the Methodist Church. The district also discussed the proposed amendment to the Liquor Act providing for the sale of beer by the glass, and the following resolution with respect to the matter was passed unanimously:

"That we are opposed to any amendment of the Government Liquor Act that shall allow for beer to be sold by the glass, and that the direction of the proposed mode by the Government and endorsed by a majority of the electors, that liquor be kept under Government control and sold only in sealed packages."

The matter of race track gambling was also considered by the gathering and it was decided that some protest should be made against this and all kindred evils. In the discussion of the question on this matter the following resolution was passed:

"Whereas the Finance Minister of British Columbia, in his budget speech on November 11, indicated his intention of introducing a bill during the present session of the Legislature, whereby a tax may be levied upon the profits of race tracks, and, in order to implement this measure the Province of \$150,000, and Whereas, in order to secure this proposed amount, it would require approximately seven million dollars of British Columbia money to be wagered on race track gambling, the large percentage of such money going out of the Province and into the hands of gambling speculators, and, Whereas, not even the prime money remains in our Province since more than 90 per cent of the horses running on the Vancouver and Victoria tracks last season came from the United States, and Whereas, practically all lines of business are added to the losses of this "immoral species of finance," and Whereas, the moral life of the individual, of the home and of the community is seriously damaged by race track gambling, and, Whereas, we are hoping that this evil will soon be discontinued in our Province and in the provinces of the Pacific Northwest, the Finance Minister would seem to make the Government a partner in what we regard as an immoral traffic and not by any means a matter of clean and honorable sport, and believing that the action proposed would tend to encourage and perpetuate this evil rather than to cultivate it:

"Therefore, be it resolved, that we respectfully ask our Government not to introduce any such bill as is proposed."

**FIELD SECRETARY ON
A VISIT TO VICTORIA**

Carl B. Wetherall to Speak at Unitarian Church on Sunday—Reception This Evening

Mr. Carl B. Wetherall, field secretary of the Unitarian Laymen's League, will pay a visit to this city over the week-end, arriving this morning. At the Unitarian Church this evening there will be a reception, and the Unitarian auxiliary will see him off. The Victoria Chapter and the Victoria Unitarian Women's Auxiliary, at which he will deliver an address dealing comprehensively with the work of both organizations. On Sunday morning Mr. Wetherall will conduct the service at the Unitarian Church, taking as his subject "Shift Responsibility." This will be the second official visit of the field secretary to Victoria, and those who heard his animated addresses on the last occasion will welcome his return.

An evening service will be held in the Unitarian Church next Sunday at 7:30, at which the speaker will be Mr. Alexander Thompson, the Chautauquian lecturer, now resident here. The subject of Mr. Thompson's address will be "For Canada's Sake." Mr. Thompson already has a reputation in Victoria as an effective speaker, and his third address will be heard with much interest.

At the present time the municipal yard

"That we are opposed to any amendment of the Government Liquor Act that shall allow for beer to be sold by the glass, and that the direction of the proposed mode by the Government and endorsed by a majority of the electors, that liquor be kept under Government control and sold only in sealed packages."

The matter of race track gambling was also considered by the gathering and it was decided that some protest should be made against this and all kindred evils. In the discussion of the question on this matter the following resolution was passed:

"Whereas the Finance Minister of British Columbia, in his budget speech on November 11, indicated his intention of introducing a bill during the present session of the Legislature, whereby a tax may be levied upon the profits of race tracks, and, in order to implement this measure the Province of \$150,000, and Whereas, in order to secure this proposed amount, it would require approximately seven million dollars of British Columbia money to be wagered on race track gambling, the large percentage of such money going out of the Province and into the hands of gambling speculators, and, Whereas, not even the prime money remains in our Province since more than 90 per cent of the horses running on the Vancouver and Victoria tracks last season came from the United States, and Whereas, practically all lines of business are added to the losses of this "immoral species of finance," and Whereas, the moral life of the individual, of the home and of the community is seriously damaged by race track gambling, and, Whereas, we are hoping that this evil will soon be discontinued in our Province and in the provinces of the Pacific Northwest, the Finance Minister would seem to make the Government a partner in what we regard as an immoral traffic and not by any means a matter of clean and honorable sport, and believing that the action proposed would tend to encourage and perpetuate this evil rather than to cultivate it:

"Therefore, be it resolved, that we respectfully ask our Government not to introduce any such bill as is proposed."

**FIELD SECRETARY ON
A VISIT TO VICTORIA**

Carl B. Wetherall to Speak at Unitarian Church on Sunday—Reception This Evening

Mr. Carl B. Wetherall, field secretary of the Unitarian Laymen's League, will pay a visit to this city over the week-end, arriving this morning. At the Unitarian Church this evening there will be a reception, and the Unitarian auxiliary will see him off. The Victoria Chapter and the Victoria Unitarian Women's Auxiliary, at which he will deliver an address dealing comprehensively with the work of both organizations. On Sunday morning Mr. Wetherall will conduct the service at the Unitarian Church, taking as his subject "Shift Responsibility." This will be the second official visit of the field secretary to Victoria, and those who heard his animated addresses on the last occasion will welcome his return.

An evening service will be held in the Unitarian Church next Sunday at 7:30, at which the speaker will be Mr. Alexander Thompson, the Chautauquian lecturer, now resident here. The subject of Mr. Thompson's address will be "For Canada's Sake." Mr. Thompson already has a reputation in Victoria as an effective speaker, and his third address will be heard with much interest.

At the present time the municipal yard

CHAIRMAN OF BOARD**WILL BE SUBPOENAED**

Counsel for Accused Hotel Man Insists on Right to Examine the Expense Accounts of Liquor Spies

The methods of the secret police employed by the Government Liquor Board to collect evidence of illegal sale of alcoholic drink became a matter of record in the city police court yesterday, when the trial of John M. Peterson, in charge of selling liquor in the Atlantic Hotel, on November 1, was begun before Magistrate Jay.

Mr. H. C. Lowe, acting for the accused, maintained his right to examine the expense accounts of special policemen William Campbell and Wallace Shaw, and being supported by a leading defense attorney, Mr. G. E. Bird, of Victoria, the trial was adjourned to the next Monday, in order that Mr. A. M. Johnson, K.C., chairman of the Liquor Board, may be subpoenaed to attend the trial, and produce the accounts.

Chief of Police H. C. Lowe, who had been acting for the accused, said that he had received a phone message just before coming into court, to the effect that Quagliotti had left town, and would not return for several days. Magistrate Jay ordered the defendant's ball in the sum of \$1,000 should be estranged, and a warrant issued for his arrest.

Called "Steep Pigeons"
Following evidence by Chief of Police Fry, who said he arrested Anderson on November 9 last, following a search of the Atlantic Hotel for unlicensed liquor, William Campbell, Campbell, plain clothes of the Liquor Board, and Mr. G. E. Bird, Chief Fry objected to Mrs. Lowe's designation of Campbell as a "steep pigeon," and would only say that he handled the money, in answer to Magistrate Jay's question as to where the money came from with which the accused was paid.

"I think the money would be much better expended for benevolent purposes, in these hard times," said the magistrate. "It might be given to the Friendly Help, for instance."

Mr. Lowe pressed the chief of police to give some account of the money used to pay Campbell and Shaw, but the chief contented himself with saying that it came from a proper source; and the court held that Chief Fry need not disclose it. Mr. Lowe later elicted from the special policemen themselves the fact that they were paid by the Liquor Board; that their pay was \$5 a day; and that their pay and expenses were given to them by Chief Fry.

They Know Mrs.

Campbell and Shaw swore that they had bought and paid for whisky and beer obtained from the accused in the Atlantic Hotel on October 31 and November 1 last. They went there with one George Marr, of whom Campbell denied knowledge, but Shaw admitted that Marr was a secret liquor policeman, but of whom Shaw testified later that Marr introduced them to Anderson; and that both he and Campbell knew what Marr was doing and by whom and for what purpose he was employed.

Additional witness was given to this contradiction between the two liquor spies by the fact that the said George Marr, as reported in The Colonist yesterday, was denounced as a perjurer by Mr. J. E. Bird, of Vancouver, counsel for a Cumberland man, and as also reported, Marr admitted that he had given false testimony. The case was heard in Cumberland last Thursday, and was remanded in consequence of this sensational sequel.

"How long have you been a steep pigeon?" Mr. Lowe asked Campbell; to which Mr. Lowe replied, "about a month." "What is your experience?" asked the magistrate. "I am a racing track," replied Campbell blandly, "how long, then, have you been doing this gentlemanly work?" The witness said that he had resigned from doing service with the Prince Rupert police force because his wife was sick.

Trouble for Chairman

Campbell displayed much reluctance to respond to Mr. Lowe's curiously as to his past life, and when the magistrate asked him if he was a racing track, he replied, "Yes, sir." "What is your experience?" asked the magistrate. "I am a racing track," replied Campbell blandly, "how long, then, have you been doing this gentlemanly work?" The witness said that he had resigned from doing service with the Prince Rupert police force because his wife was sick.

Witnesses

"What is your experience?" asked the magistrate. "I am a racing track," replied Campbell blandly, "how long, then, have you been doing this gentlemanly work?" The witness said that he had resigned from doing service with the Prince Rupert police force because his wife was sick.

**COLONEL MARGERSON
WILL SPEAK TONIGHT**

Pension Commissioner Will Discuss "Pensions, Insurance and Canteen Funds" in Trades Hall, Broad Street

Colonel G. W. Margerison, a member of the Board of Pension Commissioners, Ottawa, will address a public meeting of ex-service men at 8 o'clock tonight in the Trades Hall, Broad Street. The gathering will be held under the auspices of the Amalgamated Veterans' Association. The chairman of the meeting will be appointed by the Provisional ex-Service Amalgamation Committee.

A wire was received from Colonel

Margerison on Tuesday, stating that he would be in Victoria today on business connected with his department, and would be pleased to address a meeting of returned soldiers "on pensions, insurance and the canteen for the Disposal of the Canteen Funds." The newly-formed veterans' body has invited the Colonel to speak tonight, and it is expected that a large number will be present to hear about these matters.

An officer who is well-qualified

to speak on pension problems, Colonel Margerison has consented to answer any question that may be put to him from the audience. Anyone who has a grievance with the Pension Board, who wishes an adjustment, or is in search of information concerning pensions, will have the opportunity of having a question or two aired tonight. The dependents of fallen comrades and disabled men are especially invited to attend, while every ex-service man, whether a member of any existing returned men's organization or not, is asked to be present to hear about problems which so greatly affect the great mass of returned men.

What is Berrycraft?

BERRYCRAFT is the wonder-working stain finish that restores all the original charm to worn, scratched furniture and dingy interior woodwork. It is easy to apply, an interesting experiment, and results in satisfaction. It comes in a variety of colors, and is the best stain finish made.

**SOUNDS A WARNING
TO THE GOVERNMENT**

Capt. Ian Mackenzie, Liberal Member for Vancouver, Calls for Reduction in Provincial Expenditures

A demand for greater economy and a warning that the present rate of expenditures cannot be continued with safety was voiced by Capt. Ian Mackenzie, second Liberal member for Vancouver, in the Legislature on Thursday afternoon. He urged that with a population of less than three-quarters of a million, there was great waste for the raising of a sum of over twenty millions. He also advocated that a "beer clause" should be included in the B.C. Liquor Act, declaring that the measure, since it had been in operation, has worked satisfactorily, but if real moderation was the object sought, provision should be made for the sale of beer by the glass under properly controlled conditions.

First congratulating the Minister of Finance for the very lucid manner in which he had presented to the members the true condition of British Columbia's finances, the Vancouver member denounced the opposition position, bemoaning that "so far in the debate the criticism levelled against the budget had been constructive and that such was welcomed by any government. He urged all members of the House, independent of party affiliation, to approach the serious question of finances with an open mind.

Then went the directors of a joint stock company, with the people of the Province as shareholders. While there were many extenuating circumstances, he regretted that with a population less than three-quarters of a million there should be no necessity of a budget calling for an expenditure of twenty-one million dollars.

Mr. Mackenzie recalled the recent brilliant speech of Sir Robert Horne, Chancellor of the Exchequer in the British House, when he painted a dismal picture, mentioning that less than sixty million pounds had been dissipated through industrial strife. Even in Canada there was a national debt of three billions.

The time had arrived, he claimed, when members should give heed to the fiscal platform of "Economy, Locomotives and Reform." The situation demanded it due to the grave economic troubles that have followed the war. Turning back to the Government of 1916, Mr. Mackenzie referred to the troubles then facing the administration. He thought they had gone too far in so doing.

The late Mr. Houston is survived by his widow, who resides here, and by his brother, a son of Scotland. The funeral will take place Tuesday next at 3 p.m. from the Sands Funeral Chapel. Interment will take place in Ross Bay Cemetery.

OBITUARY NOTICES

JACKMAN—The funeral of the late Mr. Alfred Jackman, whose death occurred at the Royal Jubilee Hospital last Monday, took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Interment will be made in Ross Bay Cemetery.

CORNNETT—The death occurred Thursday of William Raymond Cornett, 61, of 1390 Yates Street, and Mrs. Thomas Cornett, of 1389 Yates Street. The funeral will take place this afternoon at 3 o'clock from the above residence. Rev. Dr. W. J. Sipprell will officiate, and interment will be made at Ross Bay Cemetery.

PARKER—The funeral of the late Mrs. Hannah Parker, who died on Thursday, will take place on Monday at 2 o'clock from the Sands Funeral Chapel. Interment will be made in Ross Bay Cemetery.

GILLIGAN—On November 16, in Seattle, the death occurred suddenly of Thomas Gilligan, aged 56 years, a native son of Victoria. He is survived by two sisters, Mrs. Frank Keown, of this city, and Mrs. J. W. Quain, of Port Alberni. Also two brothers in Seattle. The funeral will take place this afternoon at 3 o'clock from the Sands Funeral Chapel. Rev. Father J. Leterme will officiate, and interment will be made in the family plot in Ross Bay Cemetery.

MACKAY—At the residence the death occurred yesterday morning of Isabella Ann Mackay, late of St. John's, and a resident of Victoria for the past few months. The deceased lady was 65 years of age, and was born in London, England. A cousin, Miss Lilian McIntyre, residing here, survives her. The funeral will be held in the Sands Funeral Chapel, whence the funeral will take place Monday afternoon at 1 o'clock, Rev. G. H. Andrews officiating. Interment will be made in Ross Bay Cemetery.

PURSER—The funeral of the late Mrs. Adelina Purser will take place this morning at 10:45 a.m. from St. Andrew's Cathedral, proceeding to the B.C. Funeral Chapel at 1:45 p.m., where funeral services will be conducted by Rev. Father Silver. The remains will be interred in Ross Bay Cemetery.

LONGFEE—The remains of the late Mrs. Eugenie Longfee will be laid to rest in Ross Bay Cemetery this morning. The cortège will leave the B.C. Funeral Chapel at 1:45 p.m., proceeding to St. Andrew's Cathedral, where mass will be celebrated at 3 o'clock.

CHILD—The funeral of the late Mrs. Laura N. Child took place yesterday morning from the late residence, 602 Battery Street, at 10:45, proceeding to Christ Church Cathedral, where service was conducted by Rev. Dean Quinton. There were many friends present, and the cortège was decorated with beautiful floral offerings. The remains were interred in the family plot at Ross Bay Cemetery. The following officiated as pallbearers: Messrs. E. C. B. Bagshawe, J. E. Jeffcott, R. E. N. Nash, J. E. Anthony, C. Swaine and J. Gray.

MONTRAL, Nov. 18.—Grand Trunk Railway earnings for the week ended November 14 were \$1,984,955, a decrease of \$524,508 over the same week in 1920.

**VETERANS NOMINATE
EXECUTIVE OFFICERS**

Amalgamated Body Is Willing to Join Canadian Legion—Comrade Twigg Reports to Enthusiastic Members

Three hundred members of the newly-organized Amalgamated Veterans Association met Thursday night at the second meeting of the united body held in the Trades Hall, Broad Street. Comrade P. C. Rawling, a member of the Provisional Executive Service Amalgamation Committee, occupied the chair.

The meeting opened with a standing silent tribute to the fallen comrade, gathered unanimously approved of (Motion) that all allied members of the Allied forces be admitted to the Association. Membership qualification will be rated as service in the late campaign, and the credentials of applicants will be passed upon by a special committee appointed for that purpose.

Twenty-eight members of the Association were nominated for eight positions on the Executive Council. The names placed in nomination were: Comrades R. Macnicol, H. D. Twigg, Gus Lyons, R. P. Matheson, C. K. Christian, W. N. Winsby, T. A. Darke, H. W. Hart, J. H. Gillespie, P. A. Kidner, C. L. Fleck, F. A. Robertson, C. Warren, Louis Ross, Hepen, T. Watson, C. R. Sharpe, R. A. Reid, F. E. Edwards, G. Hornsey, B. Boggs, S. Rowlins, W. Walls, Lincoln Smith, J. S. Harvey and J. Hill.

TWO NAVAL MEN

Nominations for the two men to represent the naval men on the Executive Council were then called for. The names placed in nomination were: Comrades E. S. Michell and Frank Hatcher were submitted.

It was decided on a 144-96 vote to defer the election of officers until the next meeting, which will be held within the next seven days.

The Association went on record as being prepared to join the Canadian Legion, and the newly-organized body which may be decided upon at the Winkins conference of the G. W. V. A., G. A. U. V. and Army and Navy Veterans next month, and instructed Comrade H. D. Twigg to represent the organization at the said convention and to bind it to the said convention and to bind it to any amalgamation body decided upon at the conference.

Comrade Macnicol presented a report of the progress of the Provisional Ex-Service Amalgamation Committee, which was adopted. He said that 550 members had been enrolled.

The Association will be represented at the Dominion Convention of the Army and Navy Veterans in Toronto. He declared that amalgamation was sweeping like a wave across Canada, and that if any organization believed in amalgamation, it was not necessary for its eyes to be opened very far.

Comrade Twigg dealt fully with the Canadian Legion, which has been formed in Toronto with a membership of seventy thousand. The Legion is both non-sectarian and non-political, said the speaker. Comrade Twigg was given a vote of thanks for his report.

WILL DISCUSS PENSION MATTERS

The association decided to invite Colonel Margerison, of the Board of Pension Commissioners, Ottawa, to address a meeting under the organization's auspices, of ex-service men and their dependents to be held this evening in the Trades Hall, Broad Street, at 8 o'clock. The speaker will discuss pensions and insurance matters.

Comrade H. W. Hart informed the meeting that strong pressure has been brought upon him to bring a serious matter before the meeting. He had been told that a man had been standing in the Parliament Buildings on Parliament Day, leaning against the window, with a pistol in his mouth and hands in pocket during the ceremony. The association decided to ask the Provisional Amalgamation Committee to investigate the alleged disloyalty during the Armistice observance.

A resolution proposed by Comrade Geddes that the organization enter an independent candidate in the coming Federal election was declared out of order on the motion of Colonel F. A. Robertson. Several members pointed out that the association had declared at the first meeting a strictly non-partisan organization.

Urging his hearers to carefully listen to his address, he added that the association had decided to set up a committee in order to utilize the resources of the present system, in order to help the Asiatic when he arrived. The speaker likened the birth of a new form of society to a new birth in the natural order. The pain could not be avoided, but intelligent preparation could ensure the preservation of the new life. All the machinery necessary to insure the means of life for all was on hand, instead of a competitor on the market.

HAYDEN SAYS HE HAS NEVER FELT BETTER

Vancouver Expressman Declares His Case Proves the Truth of Old Saying

"Tania has made me feel like a new man, and I'm strong for it," said P. H. Hayden, 3235 25th Avenue East, Vancouver, B.C., well-known employee of the Dominion Express Company.

"My wife proved the truth of the old saying that when a man's stomach goes wrong, everything goes wrong with him. Nothing I ate agreed with me, and my nerves were almost all to pieces. My back hurt so much when I lifted anything that I could hardly stand it."

"I'm a new man now, and am able to eat, sleep and work better than in years. Everybody tells me I am the picture of health, and I ought to be, for I never felt better in my life."

Tania is sold in Victoria by Owl Drug Co., and by leading drugstores everywhere. (Advt.)

City and District in Brief

Wins Rotary Cup—Mr. L. D. Rines has been awarded the silver cup for winning the Rotary golf handicap.

Amalgamation Meeting—The provisional amalgamation committee will meet in the G.W.V.A. room on Monday evening at 8 o'clock. All members are requested to attend if at all possible.

St. Luke's Banquet—St. Luke's W.A. will hold a banquet and social evening on December 7 in the Parish Hall, commencing at 7:30. Useful articles and home-cooking for sale, also refreshments.

Home-Cooking Sale—The Good Cheer Club of Colfax Rebekah Lodge, No. 1, I. O. O. F., will hold a sale of home-cooking in Spence's basement today. Any contributions will be very gratefully received.

Pope Norman—Pope Norman—Word has been received here that there will be only two more miles to Fort Norman this winter. The Christmas mail leaves Edmonton on November 23, the second mail will leave the prairie city on January 23.

Scout Patrol Tea—The first of a series of patrol tea to be conducted by the Fairfield Troop of Boy Scouts will be held on Saturday afternoon. Useful articles and home-cooking for sale, also refreshments.

New Year's Eve—The Good Cheer Club of Colfax Rebekah Lodge, No. 1, I. O. O. F., will hold a social evening on December 31 in the Parish Hall, commencing at 7:30. Useful articles and home-cooking for sale, also refreshments.

Open House—For Messengers—The messenger boys of the city will be the guests of the Y.M.C.A. this evening, when a programme of games, swimming, and moving pictures will put on for their especial entertainment. The boys must be off duty from 7:30 p.m. off by six o'clock to night. At 6:45 they are to assemble.

Mass Games—The Mass games in the gymnasium will follow the programme, and will be followed by a basketball game between the G.N.W. and the C.P.R. A swimming relay race between the two teams will be a pleasure swim for all, and a moving picture show upstairs in the boys' room.

New Year's Eve Carnival—A grand masquerade carnival and dance is to be held on New Year's Eve at the New Drill Hall, at which it is proposed to have both local and other talent for the entertainment of the public. Such is the attachment made by Lieut.-Col. F. A. Robertson and officers of the 5th Regiment C.G.A., who are managing the affair, and no expense is to be spared.

Peace With Austria—Montreal, Nov. 18.—Women voters form nearly 75 per cent of the total number of names registered in the constituency for the coming elections, according to figures compiled last night by the various returning officers. So far 325,000 possible voters have been registered.

Peace With Austria—Montreal, Nov. 18.—Women

voters form nearly 75 per cent of the total number of names registered in the constituency for the coming elections, according to figures compiled last night by the various returning officers. So far 325,000 possible voters have been registered.

The Escaped Convicts—What is supposed to be the first clue at the doings of the two fugitives, Lyons and Mahon, who escaped from the Wilkinson Road Mental Hospital, since they got away, was found yesterday, when it was reported that small bags owned by Mr. Alexander of West Saanich, and which is near Saanich, was broken into and food taken away some time on Thursday afternoon. The police are of the opinion that the food was stolen by the two men. No effort has been made by either the Provincial police or the city police force to discover the exact whereabouts of the two men.

G.A.U.V. Meeting—A well-attended meeting of the Grand Army of United Veterans was held last night at 1203 Langley Street, with President J. MacKenzie in the chair. The meeting was opened with a short address by Major-General Ross Richardson, Vice-Chairman, who gave a lecture on "Teen Age Girls. Everybody Welcome."

Trade Show—At the Caledonia Hotel, Victoria, on Friday, Nov. 20, the annual trade show of the Royal Canadian Mounted Police will be held.

Financial Aid Asked—The Saanich Council Wednesday night received a letter requesting assistance for those who suffered in the Britannia Beach disaster. The War Emergency Fund, which is the main fund of the municipality, the councillors should individually contribute. This action was decided on.

Colwood and Luxton—W. L. The Colwood and Luxton Women's Institute held its regular monthly meeting on Wednesday, November 18, in the Colwood Hall. The drawn-work and embroidery class, presided over by Mrs. C. Gordon, was very much appreciated by those present, and she very kindly consented to continue it at the December meeting.

Colwood and Luxton—The Ladies Select Choir of St. John's Church will give a vocal and instrumental concert under the auspices of Fairhaven Methodist Ladies Aid on the evening of November 29. The program will consist of its kind which has been arranged since the erection of the new church hall, and therefore the Ladies Aid desires all music-lovers to kindly keep this event in mind.

Fluted Butter Nuts—Real Butter Nuts, reg. 40 lb. for ...

Lemon Cakes, reg. 30 lb.; special, 2 lbs. for ...

Hand Meeting Yesterday—The Heriot Beaumont Boys' Chapter, I.O.D.E., held a hand meeting yesterday afternoon in the home of Mrs. George Richardson, Mrs. St. John's. The sum of \$55 will be donated to the Victoria West School, and another meeting will be called in the near future.

Financial Aid Asked—The Saanich Council Wednesday night received a letter requesting assistance for those who suffered in the Britannia Beach disaster. The War Emergency Fund, which is the main fund of the municipality, the councillors should individually contribute. This action was decided on.

GIRL GUIDES' BENEFIT CONCERT AT DUNCAN

Presentation of "Flower of Yeddo" Was Great Success From Musical and Financial Points of View

DUNCAN, Nov. 11.—The Opera House was packed to the doors last evening when, under the auspices of the local Chapter of the I.O.D.E., a most delightful entertainment, for the benefit of the Girl Guides, in aid of the building fund of the Cowichan Girl Guides. On conclusion of the programme Miss Denny, Girl Guide Commissioner, in an apt speech, extolled the Guide movement, expressed appreciation of the kind assistance rendered by the I.O.D.E., and spoke briefly of the great need of such a building as they propose to erect.

On behalf of the Daughters of the Empire, Mrs. E. H. Price thanked the artists taking part; Mr. Drury Price, from Victoria; Mrs. Shepherd, Mr. H. J. Ruscomb Poole; Miss Clark, acting as accompanist, and Miss Percy Stephen, and the persons on the cast of the "Flower of Yeddo"; also Mr. Scholey, who gave the half free of charge; Mrs. Martin and members of her orchestra, which played for the dance, and all those who assisted.

Mr. Ruscomb Poole acted as chairman. Mr. Drury Price's violin selection was a favorite with the matinée-lovers. His selections included "Arrangements" (Tartini-Kreisler); "Ronceno" on a theme of Beethoven (Fritz Kreisler); "Stellene" and "Tigaudon" (Francoeur - Kreisler); "Moments Musicaux" (Shubert-Kreisler); "Præstidium" and Allegro (G. Pugnani-Kreisler). He concluded with a solo on "Mendelssohn" (Beethoven) as a final encore. Mr. Drury Price won unstinted applause and his interpretations delighted every one.

Charming solos were rendered by Mrs. Shepherd, giving "Oh, Flower of the World," with "Smile Through Your Tears" as an encore. Mr. Ruscomb Poole was applauded when he sang "Down Along the Avenue."

The programmes came to a conclusion with the staging of the "Flower of Yeddo," under the directorship of Miss "Bobby" Stephens, with a very pleasing cast sustained by Miss Muriel Wade, Miss Dorothy Geoghegan, Miss Sylvie Kennington, Mr. J. C. E. Henslow, Miss Kennington taking the part of Miss Roche, had to give up her part owing to illness.

Infinite pains had been taken in staging this delightful little musical comedy. Miss Reade, of Cowichan, had kindly taken charge of the dancing, and all those taking part were the recipients of many congratulations. Mrs. Wade with her lovely voice delighted as "Camaras," while Miss Kennington made a winsome and dainty "Mouseuse." Miss D. Geoghegan made a very realistic "Taithoon," while the part of "Kami," the writer of verse, was exceptionally well sustained by Mr. J. C. E. Henslow.

PATROL LEADERS TO ATTEND CONVENTION

Ten Victoria Scouts Will Go to Seaside to Attend Sessions of Pacific Northwest Body

Patrol leaders of the Victoria Boy Scouts' Association are going to Winnipeg to attend the Pacific Northwest Patrol Leaders' convention which is to be held there on Friday, Saturday and Sunday, November 26, 26 and 27, at Frederick & Nelson's auditorium. The object of the convention is to discuss methods of running patrols and various subjects under discussion are being dealt with by experienced scouts. It is to be assumed that a great deal of helpful advice and suggestion will be received by the local delegates. The official reception to the British Columbian delegates will not be until the Saturday morning session, this being the opening feature of the programme.

The programme includes among other interesting features dinner at the banquet hall of the Arcade Building on Friday evening, with short talks; dinner on Saturday at the homes of Seattle scouts and a night meeting. Various programs arranged by the sports committee, a competitive ten-minute demonstration of scouting at 7:45 the same evening, and attendance at service on Sunday morning. The final convention message will be delivered by Beau Commissioner Edmond S. Meany, of the University of British Columbia.

Plans for the convention are in the hands of the Tacoma, Everett and Seattle Councils, and arrangements for the entertainment of the visiting delegates, etc., are in charge of committee of the Seattle Senior Leaders' Council, with Eagle Scout Woodrow Carr as general chairman. Members of the reception committee will meet all arriving boats and trains on which delegates are expected.

Vancouver will sending a delegation of about twenty patrol leaders to the same convention.

INTERNAL BATHING, NATURE TREATMENT FOR CONSTIPATION

You can help Nature in her mode of feeding you by drinking water without the use of drugs, to keep the lower intestine in the clean condition which Nature demands for good health and vigor. Thousands of Canadians testify to the benefits derived from its use in cases of obstinate constipation, piles, indigestion, appendicitis and hardening of the arteries.

Frank Stanton, of Port Stanton, Ont., writes:

"I must say that your J. B. L. Carradee has great value to me, and I feel indebted to the inventor of this treatment, since I have made use of it for weeks and it has given me more energy and longer and have not taken medicine of any sort."

J. B. L. Carradee, used with sterilized warm water, is easy and pleasant in its effects. You bathe outside, who not bath internally, too.

The J. B. L. Carradee is the perfected invention of Charles A. Tyrrell for the Royal Canadian Mounted Police, shown and explained at the Owl Drug Co., Port and Douglas Streets, Victoria, B.C. Ask them for free booklet, all about it—write to Tyrrell's Hygiene Institute, 168 College Street, Toronto. (Advt.)

SOCIAL AND PERSONAL

Mrs. Lena Holmes, of Will-o'-the-Wisp, Millstream, returned yesterday from an extended visit to Honolulu.

Mrs. Gwendolyn Stevens, of Portland, is visiting her aunt, Mrs. Hugh Little, of Saanich.

Mrs. Jean Donald returned to her home at Colwood yesterday after spending a few days as the guest of Mrs. Beatrice Combe, Verriker Avenue.

Mrs. A. R. Sherwood has returned from Vancouver, where she has been visiting for the past month with Mrs. G. W. Curtis.

Mr. and Mrs. C. O. Gilmore, accompanied by their son, of Winnipeg, have arrived in this city after spending a few days en route in Vancouver.

Mr. and Mrs. Tom Brown and Mr. Harold Brown of Victoria, were recent guests of Capt. and Mrs. W. T. Harton, of Vancouver, for the shooting.

Mr. Melbourne Haynor has recovered from his lengthy illness. He is no longer confined to the hospital. He was welcomed back at Thursday's luncheon of the Rotary Club.

After a fortnight's visit to Mr. and Mrs. Stewart Williams, Carberry Gardens, Mrs. Percy Roberts returned to her home on Kuper Island yesterday morning.

S. F. Haas has returned from Vancouver from a long illness. He was welcomed back at Thursday's luncheon of the Rotary Club.

Mrs. C. D. Thompson, of Victoria, who has been making an extended visit to the Old Country, is spending a few days in Vancouver, the guest of Mrs. J. D. Thompson, before returning to the Capital.

Mr. Herbert Turner, who has been spending the past six months visiting in England, returned to this city yesterday with Mr. Turner, and they are guests at the Strathearn Hotel.

Their Royal Highnesses Prince Eric of Denmark, and Prince Rene of Bourgoun-Parme, are to arrive in Victoria on Sunday, and will be the guests of Mr. and Mrs. J. Fred Booth, of Charlotte Street.

Rt. Rev. Bishop Schofield left for Vancouver on Wednesday to conduct a "quiet day" and to attend a meeting of the Anglican Oriental Board and a number of other meetings. He expects to return to the city next Tuesday.

Of interest to friends of Mrs. Hull, formerly Miss Jessie Prior of Victoria, and now of England, will be the news that she has had as her personal physician William C. C. Henslow, and his sister, Miss Anna Bowell, formerly of this city, who after a visit of several weeks' duration have returned to London.

Rt. Rev. Hebrew J. Hamilton, Bishop of Mid-Japan, is arriving in the city today, and will preach at Christ Church Cathedral tomorrow morning, also addressing a meeting which is to be held on Tuesday evening at the Cathedral schoolroom. Bishop Hamilton is returning to the Orient after a year's furlough spent in Eastern Canada.

Among the arrivals in this city from Winnipeg is Mr. H. Cameron, who has come here with the intention of making this his home for the future. Mr. Cameron is a graduate of the University with the business, social and sporting life of Winnipeg for nearly forty years. His brother, Mr. John Cameron, formerly of Rathwell, Man., and family, also intend making their home here.

The following guests are registered at the James Bay Hotel: R. H. Baird, Parksville; Mr. and Mrs. A. T. Smith, Parksville; Mr. and Mrs. E. D. May, Parksville; E. D. Taylor, Cowichan; Miss Mabel Clegg, Cowichan; Mr. and Mrs. E. W. Bassett, Cowichan Station; V. H. Knox, Duncan; L. W. Toma, Mill Bay; Mrs. N. F. Carter, Crofton; Mrs. Layard, Sidney; W. B. Bennett, Seattle; Miss Lynde, London, England; B. Powley, London, England; F. Warlock, London, England; G. Hale, London, England; Mr. and Mrs. L. Warkentin, Maple Bay; Mrs. Halpin, Vancouver; Mrs. Reid, Vancouver.

Mrs. J. A. Rutherford, "Gibburn," Rockville Avenue, entertained with five tables last evening, the players being Mrs. Walter Nichol, Mrs. H. Bullen, Mrs. E. E. Blackwood, Mrs. C. Todd, Mrs. R. P. Rutherford, Mrs. Alisia Martin, Mrs. Heming, Lady McBride, Mrs. Taylor, Mrs. Gilmour, Mrs. B. R. Helesterman, Miss Adair, Mrs. Billings, Mrs. E. Todd, Mrs. W. C. Todd, Mrs. J. W. Corning, Mrs. Chutor Payne, Mrs. Lennox, Mrs. A. Beckel and Mr. George Johnston.

Complimentary to Mrs. R. P. Butchart, who is leaving shortly on a visit to the Orient, and Mrs. Jack McClinton, of Quebec, who is spending a few weeks with relatives in Victoria, Mrs. C. E. Thomas entertained yesterday in her new home on Pemberton Road with a bridge and five hundred tea. The players included Mrs. Butchart, Mrs. Watson, Miss Clara Rhodes, Mrs. E. Prior, Mrs. W. H. Marquart, Mrs. A. T. Goward, Mrs. J. W. Troup, Mrs. J. A. Macdonald, Mrs. J. McClinton, Mrs. H. A. Ross and Mrs. J. M. Bayne.

Frank Stanton, of Port Stanton, Ont., writes:

SAANICH FARMERS' INSTITUTE MEETS

Certified Seed Potatoes, Commercial Fertilizers and Stamping Powder Among Subjects Dealt With

The regular monthly meeting of the Saanich Farmers' Institute was held on Thursday, which was attended by a representative number of members. The chair was taken by President Lemon.

A communication was read by the secretary from Mr. Tice, of the Department of Agriculture, re certified potatoes and the amount available in the Province. After a good deal of discussion the secretary was instructed to write to Mr. Tice asking him to give prices for the potatoes.

A report was given by Mr. Kersey to the building of a road to Dr. H. H. Hart's farm, which had been done by a number of the institute members and is very satisfactory.

The president reported the joint meeting of the directors of the United Farmers and Farmers' Institute held recently in Victoria.

An interesting address was given by Mr. Meyer on "Commercial Fertilizers." A hearty vote of thanks was given him.

The representative of the Canadian Explosives Co. was present and addressed a number of questions. It suggested that the members pool their orders instead of ordering a box of powder at a time, as it would be cheaper and save a loss of time.

Mr. Terry, poultry instructor of the Department of Agriculture, has been invited for the next meeting and has accepted, when he hopes to give the members a lot of useful information.

The ladies of the South Saanich Women's Institute very kindly served refreshments after the meeting.

Mrs. Crocker, delegate to Conference of Women's Institutes, addressed Victoria Centre.

A meeting, which ranks in the institute's annals as the most largely attended session, took place yesterday at the Orange Hall, when the Victoria Centre Women's Institute attended to a very interesting program delivered by Mrs. Crocker, official delegate to the recently held Island conference of Women's Institutes.

Mrs. Dennis Harris was present at the meeting, and illustrated the various useful articles which may be had in the catalogues of the various manufacturers. The oil lamp was a great success.

Mr. Herbert Turner, who has been spending the past six months in England, returned to this city yesterday with Mr. Turner, and they are guests at the Strathearn Hotel.

Mr. H. E. Rutherford, of Victoria, who has been making an extended visit to the Old Country, is spending a few days in Vancouver, the guest of Mrs. C. E. Thompson.

A terrible experience had Edw. J. Hill, formerly of St. Louis, "From boyhood," he said, "I have been a constant sufferer from Asthma and Catarrh. My nose and throat were often stopped up, and I had disagreeable droppings from my throat. When an attack of coughing came on, it seemed as if I would barely live through it. I would sleep for breath. Catarrh made me weak. Its chronic action was a severe trial to my case." To those who suffer from Catarrh, Asthma, throat irritation and Bronchitis, Catarrhosis is highly recommended. Two months' treatment, one dollar; smaller since 35¢ and 50¢ at all dealers, or the Catarrhosia Co., Montreal.

The resumption of silver coining in the Philadelphia mint today does

away with the long haul, and the dealers accordingly have raised their prices to the miners.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing deaf or hearing impaired, go to your druggist and get 1 ounce of Parmin (double strength). It is a powerful diuretic and a little granular sugar. Take 1 tablespoonful four times a day.

This will often bring relief from the distressing head noises. Clogged nostrils should open, breathing become easier and the heart stronger.

Take 1 ounce of Parmin.

Mexican Rebels Routed

RAN DIEGO, CAL., Nov. 13.—A party of Mexican rebels was put to rout today and four killed in a surprise attack about 40 miles southeast of Tijuana, according to announcement made last night by Governor Epigmenio Ybarra, of Lower California. Governor Ybarra said a large quantity of arms, ammunition and provisions was captured by the federal troops.

The foot of the original species of the horse was little larger than that of the fox.

**LIABILITY OF VICTORIA
DENIED IN DAMAGE SUIT**

City's Defence Against Saanich Councillor's Claim on Account of Alleged Flooding From Elk Lake

Trial of the action for damages brought by Councillor E. G. Kingwell against the city of Victoria, in which the plaintiff alleges that eight acres of his land on the Colquitz River were flooded by water escaping from the dam of the city's old waterworks at Elk Lake, on May 4 last, was continued before Mr. Justice Gregory in the Supreme Court yesterday, the testimony of witnesses for the city occupying the entire session of the court. The trial will be continued and concluded this morning so that Mr. Justice Gregory may fulfil his engagement to preside in the Vancouver Assize Court next Monday.

City Engineer F. M. Preston occupied the witness stand for nearly two hours in the morning, giving much technical evidence as to the water works at Elk Lake. Mr. Preston said that the valves of the outlet pipe of the waterworks were in good order, and were so placed as to allow high water to recede gradually and without damage to the surrounding country. The 12-inch valve, opening from the two-foot outlet pipe of the waterworks, would carry 23 cubic feet of water a second into the Colquitz River, while the river itself would carry 10 cubic feet a second before it overflowed on to the plaintiff's property.

Valve Tampered With

Mr. Preston further said that the valve had been left in the open, which brought from the Court the opinion that the city should have seen to it that such a key was not left where unauthorised persons could get at it.

Mr. E. Macdonald, foreman of the city waterworks, said that he went out to Elk Lake on the day following the flood and found that the 12-inch valve was open and the water flowing into the Colquitz River. Three days previously, on May 1, witness found two inches of water flowing over the spillway of the lake dam.

Alderman George Sangster was called by the city to testify as to the value of crops grown on such land as the plaintiff, who had estimated at more than \$1,000, had turned his attention to plough the land after the flood at \$2,500. Alderman Sangster said that 7 to 10 tons an acre of root crops would be a good yield, and that \$10 a ton would be a good price for it. The witness estimated the possible yield of allage crops at 25 green tons to the acre, and \$2 a ton. An interchange of pleasantries between the alderman and Mr. F. A. McDiarmid, senior counsel for the plaintiff, chiefly relating to municipal politics, enlivened the cross-examination of Mr. Sangster by counsel.

City Engineer Napier Denison, called to testify as to the nature of a fall of landslip of water within 24 hours, on lands draining to the plaintiff's farm, was non-committal, and said that that effect would depend entirely upon the nature of the ground. Messrs. T. Alexander and James Black, farmers, of Seanchie, gave further evidence as to the nature of the ground, to give the object of the testimony being to show that the plaintiff had overestimated the damage done by the flood.

The defence was, in sum, that the city was not responsible for the opening of the valves, which was not denied, and that the further damage claimed by reason of the alleged seepage from the McNaughton dam should not be granted by the court, inasmuch as the city engineer had testified that the dam was in good condition, and that there was practically no such seepage.

Messrs. F. A. McDiarmid and N. H. McDiarmid appeared for the plaintiff, and City Solicitor H. S. Pringle for the defendant corporation.

SEAS FLATTENED OUT**BY TERRIFIC GALES**

Storm That Sunk Fukui Maru Drove Lighthouse Tender Estevan From Moorings at Nootka Wharf

Tales of the roughest trip in years were brought to port yesterday afternoon by the Estevan, Captain Barnes, on the return of the lighthouse tender from its seven weeks' cruise with supplies to the coasting lightship buoys. Twice was the vessel storm-bound, once at Safety Cove, Pitmechum Sound, where she took refuge for a foot of towboats that had sought shelter for two days and two nights; and again at Nootka, on the West Coast, where she was when the first storm in many a winter had laid the coast.

It was during the latter blow that the Japanese steamer Fukui Maru began to go piecemeal in the Pacific, and was abandoned by her crew in a sinking condition on the arrival of the U. S. steamer West Ivan. This gale lasted for seven days, and at its height, the Japanese vessel reported that the Estevan, moored at the Nootka wharf, five miles inland in sheltered waters, was forced to cast away and seek anchorage in a more protected spot. The surface of the sea was like soapuds, boiling white, while the velocity of the wind was so great that it could not work up a sea, these stand the vessel said.

The war strain.

The unsettled conditions of business and employment.

These are responsible for the rapid aging of men which you notice everywhere.

You feel out of sorts.

You do not sleep well.

You find yourself losing your grip on business.

Your daily task is more than you can stand.

There is, perhaps, no organic disease.

But you find your energy and ambition pattering out.

Your doctor tells you to take a rest for a few months.

But you do not want to be put up on the shelf.

Your business cannot spare you at this critical time.

It was on the deck of the Pacific that this gale was followed by a period of practical calm at a time when it was most needed, when for nine days the vessel lay off Estevan Point getting wireless equipment ashore for the new station being constructed there. Estevan, where landing is hazardous by small boat only, has inherited the distinction of the now dismantled Triangle Island station as being the most unprotected and inaccessible spot on the British Columbia coastline.

This trip of the Estevan was the annual voyage with food and supplies

to the coast side to navigation. All the beacons, buoys and lighthouses from the mouth of the Juan de Fuca Narrows were visited as far up as Brier Inlet, the return being made by the "outside" route down the West Coast, in the course of which all the lights were visited, strayed buoys sought for and replaced, new beacons built and the old brought into first-class condition and prepared for another year's steady working.

**LONELY LIGHTKEEPER
HAS FRIENDS HERE**

Ladies' Guild Will Hold Anniversary Tea at Connaught Seamen's Institute on Monday

This is the season of the year during which the lighthouse keeper's vigilance is of greatest importance "to those who go down to the sea in ships." The lights must burn brightly through the long darkness of the winter nights to warn vessels away from rocks. And for his part the lightkeeper must be lonely, especially when he is the only one left in the world.

It should require very little imagination, now that the cold weather is coming, to realize in some measure the importance to these men as to the welfare of the good work which is being done by the Ladies' Guild for Seamen and similar organizations. They never fail to remember, and they "keep the home fires burning" in a figurative way, constantly replenishing the fund which is used for repelling little necessities and luxuries to help out of these men who are engaged in this important work. It is hoped that everyone who will attend the anniversary tea of the Guild on Monday afternoon at the Connaught Seamen's Institute, will make arrangements to occupy the time between four and six o'clock. Mrs. Oscar Bass has charge of the tea arrangements and a good programme is also announced, the following being the details:

Vocalists, Mrs. Clifford Wain and Mr. James Hunter; pianist, Miss Nora Sherwood, gold medalist of Toronto Conservatory of Music, who has come to make her home in this city recently; Miss Irene Gibson, violinist, and talk on the work of the Institute. Mrs. Neroussos; guessing competition.

BAZAAR AT CRITERION

Members of Florence Nightingale Chapter, I.O.D.E., convened Sale of Work Yesterday

Members of the Florence Nightingale Chapter, I.O.D.E., held their very successful bazaar yesterday afternoon at the Criterion. The affair was formally declared open at 3 o'clock by Mrs. Curtis Sampson, who, at the conclusion of a short address, was presented with a beautiful bouquet of carnations by Mrs. Charles Garsell, on behalf of the Chapter.

The Criterion presented a very pretty scene, with the various stalls entwined round the hall, filled with

serving a 10-year term at Kingston. The third member of the trio, John Bedard, however, made good his escape.

Both Robson and McNaib will be brought here and tried on a charge of murder.

Governor McNab, was sixty years old.

Prairie Grain Shipments

WINNIPEG, Nov. 13.—Western grain shipments over the Canadian Pacific and Canadian National Railways this season approximate 130,000,000 bushels, according to traffic officials here. Based on Government figures, the total for 1920-21 is 140,000,000 bushels. Governor John McNab died yesterday afternoon.

Two of the men, Samuel McNaib and Joseph Robson, are at present

"More Men Than Women Have Nervous Troubles"

This is the statement of a specialist on Nervous Diseases who comes in contact with many thousands of cases. The increase in diseases of the nerves during the last five years has been enormous.

Perhaps you cannot afford complete rest when living expenses are so high.

But you can take things easier. And you can profit by the experience of others and build up your exhausted nervous system by using Dr. Chase's Nerve Food.

This is the most rational treatment available, and is endorsed by more common-sense, reliable people than any medicine recommended for the restoration of the nervous system.

The war strain.

The unsettled conditions of business and employment.

These are responsible for the rapid aging of men which you notice everywhere.

But more men than women now have nervous troubles.

And Dr. Chase's Nerve Food is no respecter of persons.

It builds up new energy and strength in the most natural way imaginable by enriching the blood.

It supplies to the blood in condensed, easily assimilated form the elements which nature requires in order to replenish the depleted nerve cells and restore the vitality of the human system.

These certified letters may be from people you know. They are worth reading, anyway. For they are the honest opinion of people who have been benefited by Dr. Chase's Nerve Food. Edmans, Bates & Co., Ltd., Toronto.

Overwork

Mr. D. F. Armstrong, R. R. No. 8, Maitland, Ont., writes:

Through overwork and an extra amount of mental strain, I became very nervous and rundown. I began using Dr. Chase's Nerve Food, and it certainly touched a right spot. I fairly lived on it, and for a time as though I fairly lived on it, and I can recommend this treatment to anyone requiring a medicine of this kind."

(Signed before me at Maitland, Ontario, 7th day of March, 1921.—D. F. Armstrong.)

Sleeplessness

Mr. G. W. Van Dusen, Central St., Naperville, Ill., writes:

"For some time I suffered from sleeplessness and all the weakness and tired feelings that follow continual loss of sleep. I could not get in a steady sleep and this also caused a great deal of trouble. Upon the advice of a friend I began a treatment of Dr. Chase's Nerve Food, and soon found myself in a much improved condition. By the time I had completed the treatment my system was in splendid condition and I felt much stronger."

(Endorsed by R. Casey Denison, M.A.R.)

Rheumatism

Mr. Charles R. Tait, New Town, Elgin Co., N.B., writes:

"I suffered with rheumatism and my joints were in a bad state. I could not eat or sleep well. I tried several doctors, but got no relief from any of them. I was in a drugstore one day and overheard two men talking—one was telling the other about Dr. Chase's Nerve Food completely relieved him of rheumatism. I bought a box thinking it would be all right for me, but I did not like the taste of it. I felt so much better that I continued the treatment, and now I can eat anything and do not suffer any more with the rheumatism."

(This is to certify that I am personally acquainted with Mr. Charles R. Tait, and believe his statement is true and, to my knowledge, correct.—(Signed) A. S. Moore, J.P.)

**HALF MILLION UP
FOR MEXICAN RACES**

Five Hundred American and Canadian Thoroughbreds Ready for the Big Meeting Starting on Thursday

SAN DIEGO, Cal., Nov. 18.—With more than 500 horses of the better class assembled by the bugle, which will send them to the fields of horses away from the starting post, the forthcoming meeting, which will be inaugurated on Thanksgiving Day, November 24, bids fair to surpass anything of its kind ever held in the West.

From elite New York, Kentucky and English Canada thoroughbreds of distinction, such as George Audens, Star Royal, Bank Royal, II, or T. Gladiator, The Porter, Regal Lodge, Polytia, Belgian Queen, Planets, Buller Proof, Furbelow, Be Frank Thunderstrom, War God and a host of others have come to Tijuana to share their spurs from flagging despite the bitter cold. Horses, Lake, McNamee and MacLean, deserve a great deal of praise for their excellent work. Clark, of the Oak Bay team; Hennel and Hope also showed great skill at their positions.

Break Swimming Record

OMAHA, Nov. 18.—The Western Association Amateur Athletic Union record for the 100-yard backstroke swim was broken at the Omaha Athletic Club during a meet last night by D. Diamond, of Omaha, who swam the distance in 1:21 4-5, or 3-5 second under the mark established by him last April.

Big Stake Money

The coming season will be marked by a distribution of over half million dollars in stakes and purses, of which the outstanding feature will be the \$25,000 California Handicap at one and one-quarter miles, which will place ranks as the largest sum ever offered on a Winter track in America. Indeed, in America's great horse racing purse which exceed this sum you can count on the fingers of one hand. Horses. Other notable stakes which will be decided during the Winter are the Baja California and U. S. Grant Hotel Stakes, both of which have a guaranteed value of \$10,000, which will be apportioned among thirteen others from \$5,000 down to \$1,500.

Tijuana, which is situated within a short distance of San Diego, is reached by fast San Diego and Arizona trains, which make the trip without stop in less than fifteen minutes. You can find a paved highway to the quaint village which lies the Tijuana race track. The track boasts a well appointed club house where the Coronado society folks watch the runners as they vie for honors in the rich classics.

Keep Fit

CITY HIGH SCHOOL

WINS FROM OAK BAY

Ted Dunn Does All the Scoring and Teams Bave Fine Exhibition of Rugby Yesterday Afternoon

Once again did the Victoria High School Rugby fifteen amble a tortuous way through the Oak Bay High School's defence by a score of six to nothing. Ted Dunn, three-quarter, securing all the points of the game.

Yesterday's competition gave the teams' standing in the school league, the Thompson Cup series of which matches remain to be played off between city High Schools. Victoria has thus secured the first victory. The winning fifteen will meet the King George High School from Vancouver for the Provincial championship.

Oak Bay had to rely on the virtue of ends and the kick-off, the ball was shot into Victoria territory, where hot play ensued for a few minutes, until the long punt to touch by Cunningham, who was playing full-back, put the play in the Oak Bay half. Almost immediately the Victoria three-quarters sped away with the ball, and almost succeeded in crossing the Oak Bay line.

Almost a goal.

Victoria obtained a free kick at this juncture and the drop which Dunn tried for the goal failed by a narrow margin. From the twenty-five-yard line the play began again. The Victoria three's tore their way down field and into close position before the ball was kicked to touch.

After a short delay, a general plod and compact rushes by the forwards, Victoria again got away, and this time Ted Dunn made his first touchdown. The kick for the bar failed by a few feet,

with the kick-off, Oak Bay tried a rush and kept their spirits from flagging despite the bitter cold. Horses, Lake, McNamee and MacLean, deserve a great deal of praise for their excellent work. Clark, of the Oak Bay team; Hennel and Hope also showed great skill at their positions.

The Second Period

The second half of the game was all on the Oak Bay side of the ground. The Victoria boys, pressing always, held the spectators in a state of suspense and kept their spirits from flagging despite the bitter cold. Horses, Lake, McNamee and MacLean, deserve a great deal of praise for their excellent work. Clark, of the Oak Bay team; Hennel and Hope also showed great skill at their positions.

Break Swimming Record

OMAHA, Nov. 18.—The Western Association Amateur Athletic Union record for the 100-yard backstroke swim was broken at the Omaha Athletic Club during a meet last night by D. Diamond, of Omaha, who swam the distance in 1:21 4-5, or 3-5 second under the mark established by him last April.

WESTS WILL TAKE POINTS BY DEFAULT

Yarrows Unable to Field a Team Today—Garrison Meets Mets With Somewhat Weakened Line-Up

The Yarrows soccer team has apparently fallen on hard times temporally. With no less than eight of regular players unavailable for various reasons, the team has been unable to field a team and therefore will be obliged to let their game scheduled for today with the Wests go by default. Blooms and Rickinson have applied for transfers to the Thistles, who are going up-island. However, the first two transfers are on the casualty list, and three others are unable to get away from work.

Another hard luck story comes from the Garrison, who have four of the best players present in hospital. However, they will turn out a team against the Mets at the Royal Athletic Park, and may be compelled to make a hard fight of it against the crack Metropolis team.

The other senior league game on the program is between the Sons of England and the Thistles. Although the Scottish players have yet to break into the winning column, they will be doing their utmost to defend their national honor against the Englishmen, though, from the records, a draw seems likely.

However, the first two transfers are on the casualty list, and three others are unable to get away from work.

The full card of soccer for today is as follows:

First Division

Metropolis vs. Garrison, at Royal Athletic Park. Referee, Brown. Thistles vs. Sons of England, at the Stadium. Referee, Faulkner.

Second Division

Sons of Canada vs. Sons of England, at Central Park. Referee, Lawrence.

C. P. R. vs. Wilsons, at Beacon Hill. Referee, Wilcox.

Junior Division

Wests vs. Gorge, at Macaulay Point. Referee, Kingman.

Spanich Thistles vs. James Bays, at Central Park lower ground. Referee, Payne.

Selected Teams

Sons of Canada—Robertson, Alex. Walker, and Ken. Anthony; Copas, Lorenz and Thompson; Captain, Ryman; Mofat (captain), Campbell and Waddington; reserve, Hank Campbell.

Metropolis—Leeming, Church, Swan, Hale, English, Petticrew, Totty, Cummings, Southern, Merfield, Palmer and L. Mackenzie.

Garrison—W. E. Campbell and Ward; Mitchell, Edwards and Cawson; Cummings, Stewart, J. Watt, Duxton, and T. Watt.

Sons of England—First—Hetherington; Tuckwell, Carmichael; Petch, Harwood, Harper, Turner, Small, Smith, Davies; reserve, A. Kerley.

Sons of England, Second—Rhodes; Lamphier, Ford; McGimpsey, Rek, Lewis; Brydon, Blacklock, Dunn, Erikson, Shanks; reserves, Walton, Hodges, Parker.

C. P. R. Miller—Davidson and Sherwood; Hale, Lupton and Brindley; Kelly, McCarron, Grant, Farmer and Squires; reserves, Obie, Neil and Upward.

Metropolis—United—Dunn, Smillie, McMillions, Young, Gardiner, Dowell, Gray, Jones, Dowell, Bryant and Marshall.

Spanich Thistles—Hogan, Moir, Price, Shanks, Crow, Alexander, McCullum, McGregor, Easler, Anderson and Ewing; reserve, Conneron.

Thistles—Rosen, Miller, Dennis, Pitts, Faichen, Potter; Howden, Sanderson, Weight, Newman, A. Mulcahy; reserves, Hewitt, Breadner, Mouton, Walsh.

Players to meet at the Stadium at 2 o'clock.

The Metropolitan School Division team holds a bye. The following players are to turn out at the Albion Park at 2:30 sharp for a practice game with Rithets' Buckets. Dowda, McIlvrie, Dryborough, Chester, Gillingham, Bigham, Tosteven, Barrie, Howland, Clunk.

INTERMEDIATES HOLD RUGBY STAGE TODAY

One rugby game only is scheduled to be played in Victoria today. With the representative fifteen away from home there will be no senior match, but the intermediates will hold a game at the University School.

The final turn at the final turn, Flying Cloud started to circle the field, throwing four of the horses into a heap. Jewel V.D., Merrymore, Mannheim, and All Out, jolted on top of each other, one two of them being able to regain their feet. Jewel V.D. and Mannheim probably will have to be destroyed. Three of the jockeys were injured, but not seriously.

WILL PLAY MATCH FOR SAYWARD CUP

Ladies' Team of Victoria and Colwood Golf Club will meet on Links of Letter on Monday.

Ladies' Team of Victoria and Colwood Golf Club will play on Monday at Colwood in a match for the Sayward Cup. Six a side will play, and the Victoria team will be composed of following ladies: Mrs. E. Wilson (capt.), Mrs. Philbrick, Mrs. Hutchinson, Mrs. Moog, Mrs. A. T. Goward and Mrs. Donald Gillespie. The captain of the Colwood team stated last night that the names of those selected to play for her club were unavailable.

CANADIAN METHODS IMPRESS AMERICANS

McGill Tactics in Rugby Game
Will Be Copied by the Syracuse Coaches in American Football

NEW YORK, Nov. 18.—Football followers in these parts will have an opportunity to witness some features of Canadian rugby when the Syracuse and Harvard eleven meet at the Polo Grounds tomorrow.

Syracuse defeated McGill at Montreal two weeks ago, at the American style, 13 to 6, scoring all the points in the final period. Syracuse players

were surprised at the deadly tackling and lateral passing of the Canadian game.

So impressive was the play of their opponents that the Syracuse coaches immediately decided to adopt some of the tactics of Canadian students which they thought particularly suited to use in the American game. Against Colgate last Saturday, snow, sleet and mud prevented the use of these open plays, but given a dry field at the Polo Grounds, the tactics will be used by Dartmouth tomorrow.

MONTREAL, Nov. 18.—Following the good showing of the McGill team against Syracuse University recently, under American rules, the McGill rugby executive is considering the question of a game with a United States university for next Fall, either here or across the border.

Ned Hume, assistant manager of the McGill football club, during the season just closed, has pointed secretary and manager of the club for next year, last night, subject to the approval of the student council.

**GRASS HOCKEY TEAM
WILL PLAY THE REST**

In view of the visit of the Mainland grass hockey team to Victoria next Saturday, there will be a match at the Jubilee Hospital grounds between the Island eleven and the Rant. Mr. Adams will captain the Island team and Mr. P. Fletcher will skipper the others. It is hoped that players will turn up at 2:15 o'clock.

The ladies' "A" team will play St. George's tomorrow. There will also be a "knock about" for others, so as to keep in good trim.

The next club dance is being arranged for about the middle of December. Definite announcement of the date and place will be made later.

SECRETARY ROY IS SOMETHING SARCASTIC

Wants Soccer Officials to Show Common Sense and Patience With Regard to That Financial Statement

WINNIPEG, Nov. 18.—A rough draft of the financial statement to be issued by the Dominion Football Association in connection with the tour of the Sectional football team during the summer will probably be issued in two or three days. This statement was made by Secretary David Roy in reply to the many queries which have been published recently.

Following the issuance of the draft, the receipts and vouchers will be placed in the hands of the auditors. Sectional officials who have been generous with their accusations" to "study patience, and exercise a little common sense."

Referring to the proposed action by the Victoria and District Football League, Mr. Roy states that that body is not recognized by the D.F.A. but is only in affiliation with the parent body through the Provincial organization.

The Quebec industry has been annoyed by personal letter to Tom Mitchell, president of the Quebec branch.

An adventurous German founded the kingdom of Portugal.

VARSITY GRADUATES FORM ASSOCIATION FOR AMATEUR SPORT

MONTRÉAL, Nov. 18.—At a meeting of university graduates and others who have attended a university in Canada, held at the McGill University last night, the University Amateur Athletic Association was formed with a view to foster and promote amateur sport in Montreal. It will be open to all university students and others who are now resident in this city, and will be affiliated with the Amateur Athlete Union of Canada.

Hockey and rugby will be the chief sports entered into by the new organization.

The feeling of the meeting was that the SAA should co-operate with Gordon Head in shipping to the prairie markets. Meetings are being held with a view to bringing this about.

A letter was received from the Laurel Cannery, Ltd., requesting a meeting of university students and others who have attended a university in Canada, held at the McGill University last night, the University Amateur Athletic Association was formed with a view to foster and promote amateur sport in Montreal. It will be open to all university students and others who are now resident in this city, and will be affiliated with the Amateur Athlete Union of Canada.

After a discussion it was decided to form the association to handle all the small fruits grown in that district. After discussion it was deemed advisable to find out further particulars as to the number of growers and the amount of each grower's crop, and the market will be taken up at the next meeting of the association.

MOTOR TRAMP SHIPS ATTRACT ATTENTION

Possess Advantages Over Steamers—Economical of Operation and With Large Radius of Action

Tramp steamers have not generally been considered as offering much scope for oil engine propulsion, but views on the subject now seem to be changing. It is obvious that the motor ship shows to special advantages on very long routes, particularly when the outward port of call is in the neighborhood of the oilfields, and oil fuel is, therefore, relatively cheap.

Until a few years ago it was thought impracticable to build tramp ships with internal combustion engines, for the reason that the number of ports at which oil fuel could be obtained was limited, and, therefore, there was always the possibility of the vessel running short of fuel. The position has been greatly modified by the rapid development of the oil-fired steamer, which has led to the establishment of oil bunkering depots at probably between two and three hundred different ports in the world. At most of these ports there is also a certainty that motor tramps who are assured of unfailing supplies, no matter on what route they may trade.

Advantage Over Steamer

Considerable attention is now being paid to the subject of economical motor tramp vessels, as it is found that they offer many advantages over the traditional steamship in particular their very large radius of action, which is more than four times that of a corresponding steamer, is a great asset, allowing them to purchase their fuel at the cheapest ports, whereas the steamer must frequently bunker at ports where coal is relatively dear. Moreover, the oil fuel is carried in the double bottom, the size of a motor tramp ship for a given effective cargo-carrying capacity can be much smaller than that of a steamer. For instance, for a cargo-carrying capacity of 3,000 tons, a motor ship of 4,400 tons displacement is suitable, whereas the corresponding displacement of the steamer is 7,130 tons. There is thus a considerable reduction in dimensions of the Diesel engined vessel, which will not be more than 220 ft. in length against over 320 feet for the steamer. Figures have recently been published showing that the cost of operating such a motor vessel is some 40 per cent less than that of operating a steamer, even when fitted with the most economical type, while the remarkable fact is brought out that it costs less to build an oil-engined ship to carry the specified cargo than it does to construct a steamer fitted with triple expansion machinery. Naturally, the Diesel engines are more expensive than steam, but the reduction in the size of the hull more than counter-balances this extra expenditure.

C.G.M.M. CONSIDERS BUYING GERMAN SHIPS

It is stated unofficially that the Canadian Government Merchant Marine, which has been so successful in recent trades, is now decided to buy four ex-German passenger liners and turn them between Canada and the B.W.L. The movement has been under consideration for some time, it is said, and in this connection it is admitted that the German-built liners are going at sacrifice prices and are much superior in interior design and detail to the British-built vessels.

BLUE FUNNEL LINER MEMNON IS COMING

Will Be Next of Fleet From United Kingdom Ports for This Coast—Tyndareus Sails for Orient

The next Blue Funnel Line steamer to come to this Coast from the United Kingdom will be the Memnon, which is due to sail from Liverpool December 17, which means that she should reach San Francisco about January 20 and other Pacific Coast ports shortly afterwards. The Memnon is expected to load at British Columbia and Puget Sound ports for Liverpool and Glasgow, and to get ready on her return journey to the Blue Funnel.

The Blue Funnel liner Tyndareus, Captain Wilson, left here yesterday for the Orient. The vessel arrived from Seattle in the morning and cleared again as soon as her Oriental passengers had embarked. Some hours of this necessitated passage by the Hoh Point for Hongkong.

The next of this fleet to reach here from the Orient will be the Proteus, which is due November 25.

Hall Insurance in Saskatchewan, Regina, Sask., Nov. 18.—Three-quarters of a million dollars in life losses have been distributed by the Mutual Hall Insurance Association since payment to Saskatchewan farmers commenced five days ago.

LOUISE IS LEAVING FOR VICTORIA TODAY

NORTH VANCOUVER, Nov. 18.—The Princess Louise, the new C.P.R. coastwise passenger liner, will leave the Wallace shipyards on Saturday for Victoria, where a trial run will be made over a measured course.

Steamship companies who have taken the lead in building tramps have all admitted that more money has been spent by the German builder on little details than by the British steamship owners. Four passenger liners under C.G.M.M. operation would challenge the best of the American and British steamship companies. In this connection, the Germans having specialized in liners for sub-tropical trade. The White Star, Cunard and Canadian Pacific have all been in the market heavily for German liners. The price for them is far below the present building prices, and below their original cost.

MONTEAGLE GETS HER MEDALS NEXT WEEK

Lieut.-Governor Nichol Will Decorate Captain Hosken and His Men on Saturday at Vancouver

On Saturday, November 26, the officers and men of the Canadian Pacific steamship Monteagle will be presented with medals and certificates from the Liverpool Shipwreck and Humane Society as recognition of their bravery in rescuing life at sea. The award is in connection with the saving of the crew of the Japanese steamer Hakata Maru Disturbed Waterfront—Master Had Right Port but Wrong Latitude

FLEW AMERICAN FLAG ENTERING VANCOUVER

Japanese Steamer Hakata Maru Disturbed Waterfront—Master Had Right Port but Wrong Latitude

VANCOUVER, Nov. 18.—The whole water front stood agape as the speedy Japanese freighter Hakata Maru, steamed into port yesterday with the Stars and Stripes at her masthead and the Japanese flag over her taffrail.

Just which side of the 49th parallel of North Latitude Captain Y. Tomioka thought Vancouver was on could not be learned except by the silent evidence of the American flag which had been hoisted. He did not left to wonder very long as he had hardly touched the dock before a shout went up from shore, leaving no doubt in the mind of the captain that something was wrong, but whether it meant that the conference at Washington had declared war or that the emperor was dead, he did not know until reaching the long dock.

He descended with a pallor under his brown skin, and upon learning of his error, bowed and apologized, and in short order up went the British flag.

The Hakata Maru is one of the fast boats of the line, making Vancouver from Yokohama in 16½ days. She has 600 tons of oil and general freight in ballast, but cleared for Seattle at midnight.

Turner H. Isaki is well known in this port where he has been a visitor on the steamship Tatsuno Maru.

LUMBER LOADED AT SIDNEY FOR SOUTH

SIDNEY, Nov. 18.—The SS. Chilkoot, Capt. Findlay, of San Francisco, put into port yesterday evening after a day's run on a cargo of lumber consigned to San Francisco firms by the Sidney Mills Ltd. The shipment consists of 200,000 feet of lumber and 200,000 lathes, and is a new departure for the Sidney Mills to load a ship at the dock. The Sidney Mills Co., which then operated the mill loaded several ships. The Sidney Trading Co. is also taking advantage of the fact that the SS. Chilkoot is in forward by her to San Francisco a shipment of 400 cases of clams and fruit.

The Chilkoot has a tonnage of eight hundred and fifteen net tons and is loaded with oil for Vancouver. The Sidney Mills, Ltd. expect this is only a beginning of this business, and as it opens up a new avenue of trade possibilities it is particularly welcome.

DEBATE IN HOUSE ON BAKER CHARGES

Attorney-General Farris in Lengthy Speech Moves an Amendment to Mr. Pooley's Motion—Carried, 22 to 20

The Attorney-General opened the debate on Baker charges in the House on Wednesday night. He had no intention of avoiding what constituted allegations against a man who had been in the public service for the last four years. The information in connection with these charges, he said, had come from the chief constable, a former constable, and the other was Chief Game Inspector Hird. He thought the House should have a little knowledge as to who these men were, and he went at length into their records. Dawson had been promoted to constable by Superintendent McNamee of the Provincial police, and not by Dr. Baker.

The other gentleman was Chief Game Inspector Hird, who had been promoted to that position, and was in the service before this Government took office. He was recommended by Dr. Baker.

Mr. Pooley had referred to the fact that the Attorney-General had made inquiries, "closed," being the expression used, the language used suggesting that Mr. Pooley considered that the Attorney-General had spent some considerable time in consultation with Dr. Baker upon this matter. That was true, but there was not the slightest secrecy or getting together" in regard to the matter.

Friktion

Relating the details, the Attorney-General mentioned that Dr. Baker was in the East. The Attorney-General had occasion to call up Mr. Hird. There was a conversation over the phone, and he gathered from it that there was friction between him and the chairman of the board of commissioners. In his interview with Mr. Hird, he discovered that there was friction. The matter was discussed very fully, and he heard, rather by inference more than allegation, some of the allegations Mr. Perry had made in the House. He also had heard some complaints which had been heard in the House. He arranged to go to Mr. Hird and Dr. Baker together and have a full investigation, and when Dr. Baker reported, he went to Vancouver, and in the Minister's room of the Court House held a somewhat informal investigation with the officials.

"I have here," stated Hon. Mr. Farris, "a transcript of the evidence taken at the time. I do not propose to read it to the House."

Continuing, the Attorney-General stated that after he received Hird's statement, and after Dr. Baker was called the next day, he called and gave him a copy of the transcript, and he was present throughout, that if there was anything in which he did not agree he was to interrupt right away and say so,—had reported to his colleagues and to the Premier, and told them that he could not find any evidence of anything that deserved or was worth investigating Dr. Baker had carried on.

As a part of that condition and gossip which seems to circulate around here, emanating, perhaps, from Vancouver," said the Attorney-General, "I received a letter from Dr. Baker, demanding that I resign." To this letter the Attorney-General wrote and investigated and found there were no definite charges, and, to his mind, there was no reason for an inquiry.

Wanted Inquiry

"That," went on the Attorney-General, "was the position in which the matter was left at that time. I had heard from Dr. Baker that he was the one who had to resign, and that he did not think it would be fair for him to resign under conditions which would suggest there was anything wrong."

"Neither have I," said Hon. Mr. Farris, "I have ever said if Dr. Baker should go." The member for Esquimalt said that this was whispered around, but why my honorable friend—knowing how whispers are magnified—should bring them into this House I do not know."

"I repeat, that at no time have I taken such a position as that," avowed Hon. Mr. Farris, with clear emphasis. "I informed my colleagues and the Premier that I was prepared to inquire into any charges, but I did not find any evidence of such."

Asserting that Mr. Pooley's statement, that he (the Attorney-General) was not prepared to prosecute, was incorrect and that any wrong information was due to the ambiguity of the questions as put, Attorney-General Farris declared there had been no intention to deceive, and perusal of the questions and answers

How to Make Pine Cough Syrup at Home

Take equal parts of pine resin, and pine tar about 25.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a medicinal effect on the respiratory system, and the membranes of the throat and chest. Pine is famous for this purpose. Pine cough syrup are combinations of pine resin and tar. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, take equal parts of pine in a 16-oz. bottle, and fill up with home-made maple sugar syrup. Or you can use clarified molasses, honey, or corn syrup instead of sugar syrup.

Either way, you make 14 ounces—more than you can buy ready-made for \$2.50. It is pure, good, and very pleasant—nothing like candy.

You can easily take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be wet, tickly, and noisy, the formation of phlegm. The cause is the same—irritated membranes—and this Pine and Syrup combination will stop the irritation in its tracks. It is safe, too, for bronchial asthma, rheumatism, and in fact the whole works, for its prompt effect upon coughs.

Beware of substitutes. Take young spruce for "Pine" of Pine Resin directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pine Co., Toronto, Ont.

would show it. He referred to Mr. Pooley's "minor charges and trimmings," such as that Dr. Baker had had two cars supplied him with one and one-half years, a charge, he said, which was incorrect. He had questioned Dr. Baker and had been informed that the statement that he (Dr. Baker) had been traveling in the State of Washington was not correct. Relative to the Pooley charge that Dr. Baker had sent 500 furs and to have them sent to him to form a private game preserve for himself, the Attorney-General stated that the fact was Dr. Baker had no interest whatever in that preserve, that it was owned by a man named Johnson, of Chicago, and that Dr. Baker had shot them but once. Dr. Baker had seen nine of Game, and the person was permitted to have game in his possession during the close season. Bear were under the protection of the close season on July 25. Any person, therefore, in possession of them at that date had committed an infraction of the law. No order-in-council permitting the sale of beaver could be passed, nor an order-in-council could repeat a statute.

Retorts Allegations

After an interruption by the member from Alberni, Attorney-General Farris went on to refer to other charges made by Mr. Pooley relative to the alleged operations of Dr. Baker. He said that the amount of government money had been paid to one, Wilson, of Vancouver, by Dr. Baker, instead of through the customary voucher system, but Dr. Baker had given him \$20 to assist him; he went at length into the charge that Baker had secured possession of stamps for marking fur skins which totally was the result of a book of Government receipts, and illegally used them, and declared that from statements made by Dr. Baker, it was apparent Dr. Baker had never been in possession of such stamps. Dr. Baker had held a meeting with the members of the pineries of Campbell Bay, at Hartley Bay, and he had explained to them that it was not necessary to have their furs stamped, and that only a fur trader had to pay a royalty on furs purchased. The fact was, Dr. Baker informed him (Hon. Mr. Farris) that there was no movement among the pineries, and Dr. Campbell agreed to represent the department, making returns to the 125-Mile House to Government Agent McDuffy. The stamp Dr. Baker had taken up was left with Campbell, though he thought at first that he had lost it, but it developed it was afterwards delivered.

In conclusion, Hon. Mr. Farris moved his amendment asking for the appointment of a Royal Commission, stating that with the session well along, an investigation by a select committee would not be concluded when the House rose and the committee's work would thereby be terminated; Hon. Mr. H. H. Oliver, committee would prove more expensive, as witnesses would have to be brought to Victoria, and for the inquiry to terminate before it was properly concluded would lead to suspicion that it had been stifled.

Major Burde could see no benefit in an inquiry. He considered the Attorney-General had presented too much. He considered Dr. Baker one of the finest men he had ever known, and that the member for Esquimalt was merely playing politics. There were members of the House who had no confidence in the resolution presented by the member for Esquimalt, and Hon. Mr. H. H. Oliver, committee should sit. It doesn't. He had heard strange rumors in the corridors during the past few days.

"This place is impregnated with rumors, that if the House passes the resolution rather than the amendment we will see tomorrow a new Premier and a new Attorney-General. What does the British Columbia know as to whether the resolution or the amendment carries?" There is an opinion abroad that the whole thing is crooked. If the Premier and the Attorney-General do not call for a fair, square investigation there will be, in two days, a shake-up on the Government side," declared the member for Alberni.

Mr. G. S. Hanes held that the Attorney-General was merely seeking to delay an inquiry. A House committee would have full opportunity to go into the whole matter. He held that it would have been better in line with the dignity of the House had the attorney-general been asked to make an appearance of Dr. Baker.

Mr. Thomas Uphill said "no" results from an inquiry, which would cost a lot of money.

Mr. H. G. Perry, Liberal member for Fort George, held there was sufficient evidence to warrant an inquiry, and he favored a select committee of the House. But what would happen to the Game Board head and officials in the meantime?

"He gave grave reason to believe that were this official left in charge, witnesses would be miming and spiteful action taken against other officials of the department," he said.

Stolen From Indians

Mr. Perry, who, in the debate on the Speech from the Throne, and also by brief intervention on October 26, commented on the agitation against Dr. Baker and the Game Conservation Board, came out strongly in favor of the Pooley motion. Mr. Perry, quoting the figures of the Attorney-General that one firm had trafficked to the extent of 1,854 skins, which had realized \$16,735, or an average price of 18s. a skin, thought it rather peculiar that this firm should have been headed a month's monopoly in the business before other firms. He mentioned that one of the persons first sent out by the Government, and advanced money to, had so far failed to realize. The Indian, he pointed out, had become absolutely demoralized, and in a recent court case at Fort Fraser, the Indian agent, defending an Indian found in possession of muskrat skins, had spoken in defense of the man by citing the action of the Government in sending out men to apprehend him.

He is absolutely opposed to Free Trade, just as the leading statesmen of all other important countries are. He believes in a Tariff merely sufficient to enable Canada to encourage and develop all its industries, to keep our workmen at home, and to induce more men and money to come to the Dominion.

The Canadian Farmer needs Protection as much as does the producer in other Canadian industries.

The principal consumers of the products of our farms are our own people who make their living in the industry and in cities, and others, importers, that have also been favored by Protection. Crerar's policy would destroy the Tariff, hand the farmers' home market to foreigners, strangle Canadian industry, throw thousands of Canadian men and women out of work, and drive them across the border for employment.

Every Canadian home, large or small, in city or country, needs Protection.

MAKING NO MISTAKE

The Election issue is quite clear. Whether you work on the farm, or in the mine, among the timbers or in the factory, whether your occupation is on land or sea, when you go to vote think of your home, your wife, your children and the consequences to them.

Every Canadian home, large or small, in city or country, needs Protection.

THAT IS WHY

the Legislature to investigate alleged wrongdoing in the administration in one of the departments; that that was what the members drew their indemnities for. He cited at length previous occasions on which select committees of the House had been appointed, declaring that the former Government was always ready to do such investigation, and was not until the present Government took up the practice of Royal Commissions was adopted. He roundly scolded the Government for it having named a clerk in its own employ to conduct the recent gravel pit inquiry, and declared that in view of the outlay of \$125,000 for the present session, it was not proper to add still further expense by appointing a Royal Commission.

Mr. W. J. Bowser, K.C., said there was evidently something that should be investigated in connection with the actions of Dr. Baker. Under the leadership of nine of the Opposition, one person was permitted to have game in his possession during the close season. Bear were under the protection of the close season on July 25. Any person, therefore, in possession of them at that date had committed an infraction of the law. No order-in-council permitting the sale of beaver could be passed, nor an order-in-council could repeat a statute.

The Opposition leader declared the gravel pit inquiry by a Royal Commission had been nothing more than a royal farce, and it could be expected that the proposed Royal Commission into the Baker charges would be equally farcical. It was suggested with emphasis that members on the Conservative side of the House, should support the Government, by proposing a proposal to name a Royal Commission, which would refuse hereafter to take any part in any such proceeding. The responsibility would rest upon the Government. He declared the Government, by its proposal was merely seeking to stifle a full investigation.

According to him, as a threat from the Opposition leader, that unless the Pooley resolution was passed, the Opposition members would offer no assistance to the Royal Commission which would therupon be appointed. Premier Oliver stated that in any event an inquiry would be held, as he felt members on his own side of the Legislature to investigate alleged wrongdoing in the administration in one of the departments; that that was what the members drew their indemnities for. He cited at length previous occasions on which select committees of the House had been appointed, declaring that the former Government was always ready to do such investigation, and was not until the present Government took up the practice of Royal Commissions was adopted. According to him, as a threat from the Opposition leader, that unless the Pooley resolution was passed, the Opposition members would offer no assistance to the Royal Commission which would therupon be appointed. Premier Oliver stated that in any event an inquiry would be held, as he felt members on his own side of the Legislature to investigate alleged wrongdoing in the administration in one of the departments; that that was what the members drew their indemnities for. He cited at length previous occasions on which select committees of the House had been appointed, declaring that the former Government was always ready to do such investigation, and was not until the present Government took up the practice of Royal Commissions was adopted. He roundly scolded the Government for it having named a clerk in its own employ to conduct the recent gravel pit inquiry, and declared that in view of the outlay of \$125,000 for the present session, it was not proper to add still further expense by appointing a Royal Commission.

The Opposition leader declared the gravel pit inquiry by a Royal Commission had been nothing more than a royal farce, and it could be expected that the proposed Royal Commission into the Baker charges would be equally farcical. It was suggested with emphasis that members on the Conservative side of the House, should support the Government, by proposing a proposal to name a Royal Commission, which would refuse hereafter to take any part in any such proceeding. The responsibility would rest upon the Government. He declared the Government, by its proposal was merely seeking to stifle a full investigation.

GIVES FINANCIAL AID FOR THE UNEMPLOYED

Premier Informs Legislature
That There Will Be Supplementary Vote, but Refuses to State Amount

Financial provision will be made by the Provincial Government to meet the unemployment situation by way of a loan in the amount of \$1,000,000, it was stated yesterday afternoon when the subject was reached on the order paper under the head of adjourned committee of the whole to consider the question of unemployment in British Columbia.

Premier Oliver asked that the matter be left over, as full opportunity would be had to discuss it when the supplementary vote was before the House.

"What amount?" asked Mr. Sam Guthrie, Socialist member for Newmarket.

"I am not prepared to discuss that today," replied the Premier.

Labor members in the House are hoping that the sum to be voted will be a substantial one to permit of some definite plan for relief of unemployment.

For the convenience of members of the House who desire to investigate the matter, plans, specifications, etc., of the new \$400,000 court house at Prince Rupert will be copied. The Government yesterday afternoon in the Legislature making no objection to a resolution presented by Mr. W. A. McKechnie, Conservative member for Similkameen, asking for the return.

Mr. McKechnie, in support of his resolution, stated that as a contractor, he knew of excessive outlays on schools and other public buildings, and his desire was merely to look over the court house plans for his own information.

The Vancouver city bill will be given further consideration in the committee stage, and many non-contingent clauses were dealt with.

The House adjourned until 10 o'clock this morning, when the Vancouver city bill will be taken up again owing to its bulk. In the meantime, the more reading of the petitions will take several sittings, to say nothing of what details may arise over the contentious clauses.

WANT SUPPLIES FOR CHRISTMAS BALES

Columbia Coast Hospitals and Missionaries Will Be Remembered in the Usual Way

An appeal for supplies to fill the Christmas bales, which will be sent off on December 6 to the Columbia Coast hospitals and missions, was made at the meeting of the Columbia Diocese. When held yesterday at St. Mark's Hall, Mrs. Heatherbell, Dorcas secretary, who made the appeal, announced that she would like all donations of books, toys, woolens

CORNS

Lift Off with Fingers

"Doesn't hurt a bit! Drop a little 'Frozone' on an aching corn, instantly that corn stops hurting, then shortly lift it right off with fingers. Try it."

Your druggist sells a tiny bottle of "Frozone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the callous, without soreness or irritation.

comforts, candies, Christmas cheer, etc., to be at Christ Church schoolroom on December 5, or to be sent to her house, Linden Avenue, by that date, so the packing and shipment of the boxes would have to be completed by the next day.

Mrs. Quinn, who presided at yesterday's meeting in the residence of Mr. Bishop, who with Mrs. Bishop is attending the Triennial Anglican W. A. meeting in Montreal. It was announced that these two delegates would be home in time to give their reports at the December meeting.

Mr. Diegdon, organizing secretary of the Knights of Columbus, reported on her recent organizing tour up the island, this showing every evidence of growth and interest in the W. A. Rev. Canon Hitchcock conducted the "quiet hour" at midday.

TALE OF BELGIAN HARE

Story Brought Out by Two Local Ladies During War Will Be on Sale During "Book Week"

In connection with the "Canadian Book Week," Mr. W. E. Terry, Belgian Announcer, who has still for sale a number of copies of "The Tale of a Belgian Hare." It will be recalled by some that this little story realized quite a goodly sum for the Belgian orphans and the Red Cross during the war.

The Belgian Relief Association felt encouraged to bring out a second edition. It is extremely unlikely that any more copies will be printed, as it is a last opportunity to secure the little story, the scene of which is laid in Beacon Hill Park. It is a touching tale of the Belgian children living here by Lillian Clarke Sweeney, and the verse by Frances Eliza Canavan, "The Story Lady," in Spencer's recently, revived the tale to the delight of her audience of children. The booklet will be for sale at Terry's and the leading bookshops of the city during Book Week.

DEFENDS MEIGHEN POLICY IN FIRST OF TOLMIE MEETINGS

Continued from Page 1

We go into Quebec and oppose conscription. Mr. King believes us for Canada's national debt. More than two billions of it represents the cost of the war to Canada, and we are not ashamed of it. But we exonerate Mr. King absolutely. He had no part in it. He wasn't even in Canada."

The Vancouver city bill was strikingly evaded when solicited applauds followed the mention of his name by Mr. Crease shortly after the commencement of the meeting.

"Dr. Tolmie," said Mr. Crease, "has the honor of being the first native son of British Columbia to hold cabinet rank at Ottawa. He is the ablest Minister of Agriculture Canada ever had."

An Expert Minister

"If there is one man in the Cabinet or House that I desire to see returned it is Dr. Tolmie," he said. "If I was here tonight I might hesitate to say much, but I want to tell you all that if you were to realize the ideal condition where every head of a Government department is an expert, you could not find an able man in Canada to direct the Department of Agriculture."

The Main Issue

"The main issue of the election is the tariff policy, our opponents notwithstanding, are in the hands definitely for a policy that will insure a reasonable protection to industry, protection sufficient to provide a healthy condition for maintenance."

World's Lowest Tariff

"We are maintaining today the lowest tariff of any country excepting Great Britain, and I want to tell you about Great Britain's recent conversion to a high tariff. I would refer you to the Protection Industries Act passed in London a few months ago, which provides for a duty of 33 1/3 per cent on goods whose importation is likely to threaten existing British industry. Seven thousand articles are protected by it—more than double what had anything that could be attempted in Canada. The only free trade countries in the world are semi-civilized."

Mr. Stevens quoted Dr. Hon. A. J. Balfour as saying that tariff was the best bargaining weapon a country could have.

Mr. Stevens said that the Canadian tariff had resulted in sending to Canada during the last ten years 100 branch factories of American manufacturing concern, employing 40,000 Canadians, earning \$100,000,000 a year.

Real Cause of Unrest

"The real cause of unrest, of business uncertainty, in Canada is not because of these policies, but the years of persistent agitation of the rank free traders on the prairies and the tariff reformers of the East. If the people of Canada decide at the election to endorse the present tariff policy they will be making the largest contribution to prosperity that it is possible to make."

Liberal Blamed for Rail Trouble

He denied that the Meighen administration was ready to meet anyone in argument on the railway problem. He pointed out that the "white elephant" railroad enterprise of Canada had been launched during the Laurier regime.

"We have 22,000 miles of railroad to manage and maintain," he said. "It is a cold task, but we have prepared to go through it. The old Canadian Northern line will soon show a regular profit. It will be a long time before we can be as sure of the Liberal projects."

Mr. Stevens said the Meighen Government had been most considerate, friendly with the big interests.

"What are the facts?" he asked. "The business profits tax brought in \$250,000,000, and the income tax \$100,000,000. Except in the case of people with small earnings, we have the highest income tax in the world—five per cent higher all the way through than the American tax."

Mr. H. H. Stevens' Tax

"To the Conservatives who have been appealing to the people with generalities and accusing us of protecting the rich men I would ask: Show us where we can increase the tax they have to pay. The man who earns a million a year has to pay 300,000 dollars in taxes. They increase that. If we made the tax higher we would drive the men of big incomes out of Canada. It is all right for the soap box orators to pander to the unfortunate, or wilfully vicious, but the prosperous, industrious, saving people are those who make up the country's revenue producing element."

MILK FUND DANCE WELL PATRONIZED

Members of Dr. O. M. Jones Chapter, I.O.D.E., Charming Hostesses at Affair Last Night at Alexandra House

A large number of guests attended the very enjoyable dance held last night at the Alexandra House in aid of the Milk Fund. The apertures of the Dr. O. M. Jones Chapter, I.O.D.E., a large instance of the Order, and numerous standards of the various Chapters formed the decorative scheme, while twining ivy and foliage was also used profusely. Alexandra's orchestra was in attendance, and the dancing music was in excellent taste.

Mr. William Ivel, regent of the Dr. O. M. Jones Chapter, I.O.D.E., assisted by Miss Jessie Mackenzie, received the guests upon arrival. The dance was held under the patronage of the Victoria Lions Club, and Mr. and Mrs. Nicol, Mr. Henry Grotz, Dr. and Mrs. McLean, Dr. Sampson, Mr. O. M. Jones and Mrs. R. B. Monaghan.

During the evening delicious refreshments were served, the members of the Chapter being the chief suppliers of the supper room with dainty pastries. The large number of guests present last night must have appreciably augmented the Chapter's milk fund, for supplying the under-thatched children of the city with milk.

SMALL MEETING

SUPPORTS MR. CRERAR

Meeting in Arcade Building Resolves Itself Into Branch of the National Progressive Party for Victoria

There was only a small attendance at the meeting in the Chamber of Commerce rooms, Arcade Building, last night, when supporters of Mr. T. C. Crease resolved to discuss the organization of a Victoria branch of the National Progressive party. The actual number present was thirty-five, and the meeting was addressed at some length by Rev. Thomas Mensies, member of the Provincial Legislature for Comox. Mr. R. L. Shimmins occupied the chair. At the close of the proceedings resolution stating that "the meeting resolved itself into a Victoria branch of the National Progressive party" was passed unanimously. Alderman Woodward made the motion, which was seconded by Dr. J. S. Anderson.

Rev. Mensies read the attorney leader's platform at the meeting, and then called on Mr. Mensies to speak. Mr. Mensies took up considerable time in reciting the history of his election to the Provincial House, and suggested that the meeting should resolve as its first object the defeat of the Liberal party. He said he had found that in taking the lead for the People's Progressive party in his own constituency he had had behind him the solid support of the O.B.U. and the labor influence. He felt sure that the present Government would be defeated at the polls, but he was not sure that the Liberals would be strong enough to form a Government, and it is more than likely that there would, in that case, be a fusion of the Progressives and the Liberals to form a Government.

Against Candidate Now

Mr. Mensies said that he felt sure there would be a change of government, and if there was, it would not be for many years to come.

Our house at this time consisted of a two roomed shack on a rented lot. I decided now to buy a lot on which to make my shack. I selected a beautiful locality and arranged easy terms with the owner, paying \$175.00—\$100 cash and the balance \$10.00 a month. I kept on using the Auto Knitter steadily in my spare time to add to my income, and in less than a year my property was paid for.

With the money I had saved from work I bought a second hand machine and a quantity of plain socks to start with.

This story would be incomplete and untrue if I did not say that I could not have accomplished all I have without the valuable help of my better half, Mrs. Monaghan.

How My Wife and I Turn Spare Hours at Home Into Dollars

The remarkable way in which Mr. & Mrs. P. J. Monaghan solved their extra money problem. Every wife, self-supporting girl, and father of a family can now use spare time to make money at home—in the same way they did.

By P. J. MONAGHAN

THE years 1916 and '17 were lean years for me working man in view of the fact that I was a widow, especially as it happened to be the sole support of a large family.

I kept hoping for some way to increase my income, and finally I had an idea. At this time the Red Cross and the St. John Ambulance Society were appealing for knitted socks for our Canadian Forces Overseas.

I had seen a hand-knitting machine advertised, and I thought that if I could get one, I could help the Red Cross by knitting socks, and at the same time use the machine to increase my small salary and keep the wolf from the door.

With this idea in mind, I sought the address of the Auto Knitter Company in our local paper and finally sent for an Auto Knitter.

When the machine arrived, my wife and I turned to the instruction book, and thereon found the answer to all our questions. I was soon able to knit splendid socks. I became more and more delighted with myself and the machine.

During the evening delicious refreshments were served, the members of the Chapter being the chief suppliers of the supper room with dainty pastries. The large number of guests present last night must have appreciably augmented the Chapter's milk fund, for supplying the under-thatched children of the city with milk.

How I Started Making Money

I now volunteered to knit socks for the soldiers. The St. John Ambulance Society furnished me with yarn, needles, and a quantity of plain socks, and was compensated on my work. I felt very gratified, for I was requested to knit more and was to receive 20 cents a pair for this.

I began to make and sell socks to private citizens as well as to the Auto Knitter Society. After a comparatively short time I had my machine paid for. I was now making \$15.00 a week in my spare time. My wife was able to buy clothing and shoes for herself and the children.

This story would be incomplete and untrue if I did not say that I could not have accomplished all I have without the valuable help of my better half, Mrs. Monaghan.

\$125 Earned in Spare Time

In about eighteen months from the time I started knitting I had a surplus bank account of \$184.00.

Our house at this time consisted of a two roomed shack on a rented lot. I decided now to buy a lot on which to make my shack. I selected a beautiful locality and arranged easy terms with the owner, paying \$175.00—\$100 cash and the balance \$10.00 a month. I kept on using the Auto Knitter steadily in my spare time to add to my income, and in less than a year my property was paid for.

With the money I had saved from work I bought a second hand machine and a quantity of plain socks to start with.

This story would be incomplete and untrue if I did not say that I could not have accomplished all I have without the valuable help of my better half, Mrs. Monaghan.

So I bought some of the best wool in the city, manufactured it into socks and exhibited my goods to James Ramsey, Ltd. (one of the largest department stores in our city). They gave me a trial order for

every spare moment I had. I worked all summer, knitting on the Auto Knitter in my spare time, but sold none until October, 1916.

Then I advertised my goods, saying that I could make socks to order. Many people brought their own wool. I had to work hard to fill all the orders, even with the supply I had on hand. People from all over the city, including the Mayor of Victoria, the Attorney-General of the Province, and the Attorney-General of Canada, Red Deer, Wetaskiwin, and Fort Saskatchewan.

I made one evening after work a quantity of socks we had made. Auto Knitter is good as the day we received it, and it has never cost one cent for repairs.

After all the thousands of pairs of socks we had made, Auto Knitter is good as the day we received it, and it has never cost one cent for repairs.

Mr. and Mrs. Monaghan, who experience with the Auto Knitter you have just read, have been very enterprising and energetic in using their machine to advantage themselves and their dependents.

Mr. Monaghan was fortunate in being able to find a good local market for all the socks he could turn out, but he preferred not to take advantage of the Work Contract we sign with every purchaser of an Auto Knitter.

I wish that I might be able to place an Auto Knitter in every home, especially where there is a large family. I would have to have a special machine for each person, but I am sure that the Auto Knitter would be the easiest way for the company's Work Contract to bring comfort and even luxury to the home and add the means of bringing joy and happiness to the family.

P. J. Monaghan, Alberta.

ANOTHER C.G.I.T. GROUP IS FORMED

Parent and Daughter Banquet Held at St. Andrew's Church—Several Addresses: Music and Games

Helen Stewart could be induced to leave the platform by the toast, "To the health of the Premier." The Premier responded to the advantages of the party system, stating that often he found himself compelled to disagree with his friends. Good government, he held, could not be expected from groups. The old parties assumed nothing, and did nothing. There was scope for a vigorous opposition.

The Premier had himself travelled the rough road in opposition, though he suggested he would not be there for as long period as had the Premier. But, speaking seriously, Mr. Bowser said that the party system was not good for the country, and that it could not be carried into one's private lives. In the house he felt fully warranted in telling the Premier of his faults. But out of it he had only nice wishes
